TO OUR SUBSCRIBERS

The Edmonton Capital appreciates the many messages of commendation that are sent to the publishers daily, but if the senders wished to do a REAL SERVICE to The Capital they will send us the names of a few of their friends whom they think should read the paper regularly. The publishers will gladly send a sample copy free. Better still, send the publishers one dollar, and they will send the paper for five months.

RESCUED LOVE[illegible]CK COUNT ONLY ON CONDITION THAT HE'D STOP PROPOSING

Provincial Lib. Aug

New York, Jan. 14.—To force a real live count to promise that he would never again propose marriage and to then rescue him from a crevasse into which he had fallen while climbing a peak in the Italian Alps, is the proud boast of Miss Rosamond Botsford, of San Francisco. She has just returned to her native country after an absence of six years, during which time she has completely satisfied her passion for mountain climbing by scaling some of the most precipitous peaks in the Alps range. Miss Botsford declares that the count had pestered her to the verge of distraction by proposing to her every time they met, whether on the street, in the hotels or at the opera. He even went so far as to hire a guide and follow her on one of her climbing expeditions in the Alps. It was then that the count and his guide slid into a crevasse from which they could not escape without outside aid. Miss Botsford refused to allow her guide to help the pair until the count gave his solemn promise to discontinue forcing his unwelcome attentions. Miss Botsford said that the count lived up to his promise.

MARTIAL LAW IS ANSWER GIVEN TO GENERAL STRIKE!

Issue is Made a Clear One Between the State and the Syndicalists.

Cape Town, Jan. 14.—The proclamation of martial law throughout the Union of South Africa in response to the declaration of a general strike by the federation of trades is regarded as making the issue a clear one between the state and the syndicatists, who have adopted a system of rapidly organized sympathetic strikes.

The origin of the dispute—the railroad line protest against the policy of retrenchment introduced by their employers—has been lost sight of in the great sympathetic labor war which has brought the trade and commerce of the colony to a standstill.

The drastic character of the regulations which came into effect with the proclamation of martial law created considerable surprise.

From last evening the use of such epithets as "Scab" and "Blackleg" was prohibited under penalty of severe punishment, while any attempt to intimidate workers was forbidden. Newspapers are debarred from publishing reports calculated to promote ill-will between the disputants. The strike region is divided into nine areas, each controlled by an officer vested with absolute power as in time of war.

Johannesburg, Jan. 14.—Secretary Bain of the Federation of Trades and a band of comrades have entrenched themselves in the trades hall here and defy the police to arrest them. Barricades of furniture, boxes and liquor cases block all the approaches and baffle all the attempts of the police to reach those within.

A detachment of 30 policemen who tried to raid the hall this morning in order to arrest Secretary Bain, was driven back by a hail of missles from behind the ramparts.

The entire area surrounding the hall has been cleared in order to prevent supplies from reaching the garrison.

Tension is increasing and early collision between the strikers and the police appears inevitable.

WHITNEY IS LOSING SLOWLY IN MAKING STRUGGLE FOR LIFE

New York, Jan. 14.—Sir James Whitney's condition has not shown any considerable change in the last 24 hours. What little alteration there has been, however, has been unfavorable, and those in attendance about his apartments are keeping a close watch. They do not anticipate any fatal result for the present, but they admit that he is losing slowly in the fight for life.

Will Appoint Committee.

The first meeting of the 1914 board of directors of the Edmonton Exhibition association is being held this afternoon at three o'clock. The committees for the year will be appointed, and other matters of business attended to. Manager W. J. Stark is still confined to bed, and therefore will not be able to attend.

MISSING STEAMER COBEQUID SOUNDS CALL AGAIN TODAY

Hope is Revived for the Safety of the Vessel and Those on Board.

St. John, N. B., Jan. 14.—The faint purr of an "S.O.S." call from the missing steamer Cobequid was picked up at several points in the Bay of Fundy today and revived hope for the safety of the vessel and 120 people on board. The wireless was not sufficiently strong or continuous to give the location of the vessel indicated that she had survived a tempestuous night, and that there was still a chance for her passengers and crew.

The Canadian Northern liner Royal George caught the cry of distress three times and heard the steamer Lady Laurier replying, asking for the location of the Cobequid, but no reply could be made.

The Lady Laurier ought to be near the wreck today. It is still believed that the Cobequid struck on one of the Grand Manan ledges, and that Captain Howson mistook the point for Brair Island when he first called for assistance at daylight yesterday.

Hope for the vessel rests chiefly on the efforts of the United States revenue cutter Woodbury and the Canadian government str. Lady Laurier.

AD CLUB LARGEST ORGANIZATION OF KIND IN EDMONTON

Three Hundred New Ones Have Been Separated From Ten Spot.

SPECIAL LUNCHEON AND MEETING HELD TOMORROW

Lightning Campaign Has Had Result of Making Club Live One.

The red hot, live wire, full blooded Ad club has now succeeded in making itself the largest organization of its kind in Edmonton, after little more than a year of life with a capital "L," and in order to introduce the 300 or more new admen who were absolutely willing to part with a ten spot in return for membership in the club, a special meeting and luncheon will be held in the Empire Auditorium tomorrow and when the Ad club says 12 o'clock, it does not mean so-many-minutes-after-twelve.

The introduction of these members will be absolutely the only item of business but it will be by no means a meeting at which the majority will be expected to do nothing. Every old member must see that every new member whom he knows attends this special luncheon so that it will not be necessary to hold another to introduce them, or take up a lot of the time at the next regular luncheon. And the new members should not wait for an invitation from old ones, but make it a point to be at the Empire auditorium at high noon.

Although 300 members in round figures were secured during the last few days, making the total membership of the club between 500 and 600, it is somewhat startling to relate that only about one-third of the men whose names were listed for the canvass were seen at all, while it is probable that there are twice as many eligible to join and who should join who were not even on the lists.

President Magrath, secretary Milne and the other officials of the club, therefore, wish it to be distinctly understood that it was solely on account of the brevity of the campaign that those were not called on. There was nothing special as far as price or privileges were concerned about the lightning campaign, and those who wish to join should send in their ten spot to the Edmonton Ad club, 701 Tegler building, or phone 6941 for any information.

START CAMPAIGN TO SELL LAND IN SOUTHERN ALBERTA

O. Kirkwold, sales manager for the natural resources department of the Canadian Pacific railway, was in the city yesterday and returned to Calgary on the midnight express last night. He was in Edmonton for the purpose of making arrangements to start an aggressive campaign in land selling in central Alberta. The company, as was announced in the Capital last week, has opened an office for the natural resources department on the ground floor of the C.P.R. building, Jasper ave. East, S. J. Thorburn being in charge. Mr. Thorburn reports some sales having already been made from the Edmonton office.

FINE ELK'S HEAD TO BECOME PROPERTY OF LOCAL B.P.O.E.

A remarkable elk's head, containing antlers which everybody who has viewed them say as the most magnificent they have ever seen, has been secured by the organizers of the Edmonton lodge, B. P. O. E. (Elks), and will probably become the property of the lodge as soon as instituted. It has been hung on the wall in the corridor of the Selkirk hotel, where the organizers, P. Fleischer and J. T. Lane, are staying, and can be seen by Elks and others at any hour. The antlers are so large and reach back so far on the shoulders that it was necessary to point the head down more than it would naturally hang.

City Engineer Back.

City Engineer A. J. Latornel arrived at his office in the civic building this morning. He is back from a holiday in the east, where he visited his old home and some of his former associates. Mr. Latornel has been delayed a few days longer than he anticipated owing to the serious illness of a brother. In speaking of his trip, he said that it was quite appreciated after the strenuous season's work that the department has had, and he is now in readiness to buckle down for the 1914 program, one of the most important parts of which will be the extension of the south side sewage system.

Fined $100 for Vagrancy.

J. Clarke was yesterday fined $100 and costs, or three months' imprisonment, on a charge of vagrancy. A second charge was laid against Clarke, for procuring women for immoral purposes. This case will come up later.

Civic League Dance.

The Edmonton Civic league has issued invitations for a dance to be held in the new stores and works building on Kinistino avenue next Friday evening. A good time is promised to all who care to attend.

ANOTHER WAR IS FEARED BETWEEN GREECE, TURKEY

Assistance of the Great Powers is Being Sought to Prevent Conflict Which Seems Probable for One Reason at Least Owing to the Advent to Office of Inver Bey.

Berne, Switzerland, Jan. 14.—The assistance of the great powers in the preventing of another war between Greece and Turkey is being sought by Premier Eleutherios Venizelos of Greece.

The premier declares that his government considers such a calamity most probable since the advent as minister of war of Inver Bey.

Greece fears the result of such a conflict, as Turkey is indisputably stronger on the sea since her purchase of the Brazilian Dreadnought, Rio de Janiero.

In the course of his conferences with European statesmen, Premier Venizelos is also endeavoring to secure a postponement of the evacuation by Greek troops of that portion of Epirus awarded to Albania, a rectification of the Albanian frontier and the permanent acquisition by Greece of most of the Aegian islands.

McKINNEY BRINGS FAIR WAGE CLAUSE BEFORE COUNCIL

Alderman Kinney received the unanimous consent of council last night to introduce without giving notice of motion, a fair wage regulation. The question was raised by Alderman Calder that this would involve the problem also of fixing the minimum scale, but this was declared to be a matter for the commissioners to deal with later. The motion as moved by Alderman Kinney, and which passed last night reads:

"That the commissioners be instructed to incorporate the fair wage clause defining the rate of wages and hours pertaining to the different classes of labor in all contracts, together with a penalty clause which will compel inforcement, and that said schedule apply in all city work."

SAYS BRITAIN HAS NO KICK AT GERMAN COLONIZATION SCHEME

London, Jan. 14.—Speaking at Professor Bonn's lecture on the German colonial policy. Hon. George E. Foster, Canadian minister of trade and commerce, said Great Britain had to be thankful that it fell to her lot to occupy the choicest parts of the world, and that she should not grumble because Germany is taking up other parts and doing the best she can with them.

STRIKE SUSPENDS ENTIRE RAILROAD SERVICE IN PORTUGAL

Lisbon, Jan. 14.—The entire railroad service of Portugal was suspended today, owing to the declaration of a general strike by the employees. About one-third of the roads belong to the state.

DISSOLVED BECAUSE APPOINTMENT BILL WAS NOT PASSED

Sofia, Jan. 14.—The Bulgarian parliament was disolved today by the Premier Dr. Vu Raneouseff, because it refused to pass a provisional appointment bill. A new chamber must be elected within two months, according to the constitution.

Leaves for Florida.

S. J. Gorman, of Gorman, Clancy & Grindley, contractors, and Mrs. Gorman, left over the C.P.R. Great West express on Monday for New York, whence they will sail for Florida. Before returning they will visit several points on the Atlantic and Gulf coasts, and they will probably come back via California.

REDISTRIBUTION TO PROVIDE TEN MORE MANITOBA SEATS

Winnipeg it is Thought Will Have at Least Four Additional Members.

Winnipeg, Man., Jan. 14. — The Tribune this afternoon publishes what it claims to be a correct forecast of the redistribution bill the government will shortly bring down. This provides for ten new seats, a net increase of eight members, eight of which are pretty certain to be as follows: Four existing Winnipeg seats, two members each instead of one, with possible slight boundary re-arrangement, the present constituencies of Kildonan and St. Andrew's, Gimli, and Russell to be divided, giving three more members; one more member for the north.

Two constituencies will be abolished by absorption into their neighbors, these being Avondale, at present represented by James Argue, conservative, who had a majority of 82 at the last election, but is understood to be anxious of retiring; and Rhineland, represented by Valentine Winkler, liberal, whose majority was 132, and the Tribune claims this Mennonite seat is to be annexed to the neighboring liberal seat of Morden.

The remaining two new seats are not yet defined. It is pretty certain, though, that there will be little changes in the existing French seats.

ALLEGE MEN STOLE PASSES FROM G.T.P. AND RETAILED THEM

Thiel Detective Claims to Have Caught Couple of Local Crooks.

RAILWAY SAID TO HAVE LOST $5000 BY METHODS

Sleuths Say They Bought Passes From Accused and Travelled on Them.

What is alleged to be an extensive system of defrauding the Grand Trunk railroad, has been charged against C. S. Gerow, alias Jack Brown and Abe Burchell. It is alleged that these men stole mechanic's passes, which were valid between Edmonton and Fort William and sold them to people going east. The two men were arrested early this morning by Detectives Kroning and Smith, accompanied by C. P. Morris, local manager of the Thiel Detective service who has been working on this case for some time.

The Grand Trunk officials have been suspecting that some underhand work was going on by the number of passes that were being used, and as all the passes were genuine it was hard to find out anything about it. Some time ago the Thiel detectives were employed on the case, and it is alleged that they actually bought some of these passes and used them, so that they might have positive evidence.

Their Alleged System

The system alleged to have been employed in these transactions is that Burchell would visit all the second-rate boarding and rooming houses and conduct the prospective buyers to Gerow at the Northern Brokers, 155 Jasper avenue east. Here it is alleged the transactions took place after 8 o'clock in the evening when the establishment was supposed to be closed. Mr. Morris stated that the passes were sold from $12 to $18 to the men, and as many as ten men were accommodated on one of these passes, the regular fare from Edmonton to Fort William is $36.

It is further alleged that Gerow told the men who purchased these that if they were questioned as to who they were, they were to state that they came from Edmonton mechanical department and that they had received the passes from Foreman Brooks of the Edmonton locomotive department and that they were going to work at the locomotive works in Fort William.

Railway Lost $5,000

As far as the passes were concerned they were genuine enough as the blank forms had been signed in Winnipeg and forwarded from there to this city where they would be filled in by a typewriter from time to time as they were needed. It estimated that fully 100 of these passes have been used and that the Grand Trunk has been cheated out of at least $5,000 during the last few months by this system.

Several of these passes have been bought by the detectives in their effort to secure sufficient evidence to convict these men, and the first batch that was brought by them consists of six, and for these they paid $60 and one of the detectives travelled to Fort William to see if these passes were really used.

Both of the accused men appeared in the police court this morning and were remanded until Friday morning at their own request, as they wanted to obtain legal advise.

Society Not Popular.

The annual meeting of the members of the Police Benefit and Pension fund was held last night in the Fraser avenue police station. Although $1,200 had already been subscribed the society was disbanded. Some of the members stated that misrepresentations had been made in regard to this society. That this society was not over-popular with the men was clearly shown by the overwhelming majority that voted in favor of disbandment, and also by the cheering of the men after the vote was taken.

M'NAMARA SAYS IS VERY SORRY ABOUT HARRISON

Mayor Blames Calder and Douglas for Not Giving Support to His Motion.

STILL WORKING TO HAVE COMMISSIONER RETAINED

City's Chief Executive Explains That He Has Only One Vote to Cast.

"I feel very, very disappointed that Commissioner Harrison did not get his appointment last night," said Mayor McNamara to the press this morning. "But the blame lies entirely with Aldermen Douglas and Calder who opposed my motion for a fifth commissioner."

The mayor went further and stated that much of the adverse criticism that was indulged in was the direct result of Harrison's name being brought before the council at a time when it should not have been. He said that Commissioner Harrison feels the disappointment very keenly and that he may perhaps refuse the office even if it is now given to him.

"If I were in his place I surely would refuse it," said his worship, "but I will do all I can with the committee to see that Commissioner Harrison is retained on the board."

Mr. Harrison was not present at this office this morning, but it was learned from other sources that there are still many who will not give up the fight until the committee decides to make possible the re-appointment. Some members of the committee are at work today and the result may be that a meeting will be called later in the day to go into the matter. Alderman Campbell is being interviewed with the hope that he will break the deadlock which now exists.

Mayor Explains His Vote.

The mayor pointed out this morning that one of the newspaper representatives is evidently laboring under a misapprehension in regard to the powers of the mayor in casting his vote. He referred to section 38 of the charter which distinctly states that the mayor has only one vote on any matter and not two as has been suggested. For this reason all he could do last night was to negative the motion in favor of four commissioners and his vote on the motion for five simply had the same effect: It could not possibly carry the motion, but merely tied it, the same as in the former case.

When asked if he intended making some arrangements for the better handling of such large gatherings if they continue to come, his worship replied that something would certainly be done to make it possible to conduct the business in quite a different manner.

Promises Aid to Press.

He made certain apologies to the members of the press for the circumstances last night which made it necessary for them to stand on a table upwards of four hours with scarcely sufficient elbow room to use a pencil. He suggested that if necessary in future the press will be invited to take seats close up to the desks occupied by the aldermen and spectators will not be allowed to take possesion of them.

DOUBLE TRAGEDY CONNECTED WITH TURKISH POLITICS

Two Men Lose Their Lives in the City of Paris as Result of Intrigue.

Paris, Jan. 14.—A double tragedy connected with Turkish political intergue, was enacted today at the Paris residence of Mehmid Cherif, Pasha, one of the chiefs of the Radical Turkish party. A strange Turk called to see the Ottoman politican and was refused by the stalet, Ismael Hakki whom he immediately shot dead. Cherif Pasha's son-in-law, Salil Bey, hearing the commotion, ran into the coridor and shot and killed the assassin. The pasha has been the object recently of numerous threats which he says enmanate from the adherents of the young Turks.

Cherif, is the editor of a newspaper published here in the interests of constitutionalism in Turkey and he also directs a wide-spread agitation in Turkey.

Mayor Will Give Address.

Arrangements have been made to have Mayor McNamara address the students and visitors at the Technical school this evening. It is expected that many will attend, as the citizens generally are interested in the splendid educational work that is going on in Edmonton in this institution. There will in all probability accompany the mayor two of the commissioners.

CLARKE AND CALDER INDULGE IN SEVERAL VERY HOT DEBATES

Harrison and McLean Dismissed—McNamara's Program Is Upset—Policemen on Hand to Act in Case of Emergency—Largest Crowd at Any Meeting of Aldermen Ever Held.

So intensely hot waxed the deliberations of the city council last night that Mayor McNamara threatened to have the policeman called to eject Alderman Calder who persisted in talking when ruled out of order by the chair. The present council swung in the small space of one week from a harmoniously working body to one in which there appears to be many factions.

The trouble was brewing all along the line as one by one the less important items on the paper were taken up and dispensed with, but not until the report of the special committee was taken up did the storm break in all its fury. When clause one in the report was reached in which it is recommended that at the present time only four commissioners be apointed, Alderman Driscoll started the fireworks by moving that this clause be struck out of the agreement. This brought Alderman Clarke to his feet and in one of the bitterest speeches heard in council for many months this aldreman led the way for others which followed. He characterized the press of the city as being unreliable and referred to the "dirt, mud and lies" which they published in connection with the recent election. "The press of the city" he declared, "got their answer last election day."

Much of the cross firing was exchanged between Aldermen Calder and Clarke. Alderman Clarke was on his feet more than twice for every once that the other aldermen spoke, while Alderman Calder was usually ready to take the floor as soon as Alderman Clarke had finished speaking. Occasionally either Aldermen May, East or Driscoll would rise to a point of order when Alderman Calder would exceed his rights in getting after Alderman Clarke.

At one time Alderman Calder stated that his colleague's remarks were "more hot air than anything else." Alderman Clarke then issued a challenge in which he stated that he would be willing to resign his seat and meet Alderman Calder in another election if he so desired. To this Alderman Calder stated that he was quite agreeable. He went on to class as "altogether untrue" certain statements made by Alderman Clarke in his long speech.

Another marked feature of the debate was witnessed when Mayor McNamara asked Alderman May to take the chair that he might speak to the motion. He stated that he himself is perfectly agreed with those who favored retaining two of the present board and that it had always been his intention to keep Commissioner Harrison.

When all the aldermen had their say on this point there was a motion before the house that the board consist of five members and an amendment that the number be four. When the mayor put the question on the amnedment he found that it required his own vote to tie it and thus make it negative. When the motion was put there were four aldermen in favor and five aldermen opposed and the mayor's casting vote could not carry so that both the amendment and the motion were declared lost.

The mayor declared that "seeing we are up against a stone wall" the best thing to do would be to re-commit this clause to the committee. This motion was carried and the various other clauses of the report were then dealt with clause by clause.

When the seggregation of the duties of the new commissioners was reached and these commissioners named, a very determined effort was made to get Commissioner Harrison a place on the board. He was first moved in amendment to the position of finance commissioner, but had only three supporters, Aldermen Campbell, Calder and Douglas.

As the operation and public works departments were dealt with Commissioner Harrison was named for each of these but received the same vote in each case. His friends on the council did him more harm than good, stated several aldermen, by proposing him for positions on the board for which he himself would admit that he is not qualified. This roused the ire of Aldermen East and Clarke who reviewed some of the history in connection with the activities of Commissioner Harrison during the past two years. Many of these remarks were none too complimentary and were characterized by some of the Aldermen as unfitting for such a worthy public servant as they declared Commissioner Harrison has been.

The recommendation to appoint no commissioner of parks and markets was also referred back to the committee, thus giving them an opportunity to re-consider this in connection with the first clause. It also developed that Alderman Sheppard is not so strongly in favor of the appointment of B. J. Saunders as he was at the former meeting. Since that time he has been waited on by citizens who have made serious charges and for this reason he asked for a week to investigate these matters. Only one he mentioned and that was a rumor that Mr. Saunders is not an engineer. This doubt was set aside by the reading of a long report giving his past history and some of the works he has accomplished. Alderman Sheppard, however, insisted that there were other more serious matters that he wished to investigate.

The council chamber was not only crowded with eager citizens but hundreds were turned away, not being able to get any nearer to the chamber than the stairway. Standing room was at a premium and for the first time the press was shut out of a place to take their notes. It is estimated that there were easily 500 people crowded into the council chamber. There were citizens standing in a solid mass right up close to the desks of the aldermen and early in the evening the mayor asked the city clerk to phone to the police department for two officers to keep order.

INTERNATIONAL ROW IS STARTED BY AN OVER ZEALOUS COP

Huerta Quarrels With England Regarding Maintainance of Arsenal.

BRITISH SUBJECTS KEPT RIFLES IN CASE OF NEED

Policeman Reports Matter and Two Countries Now at Loggerheads.

Mexico City, Jan. 14.—Over zealousness on the part of a policeman resulted in bringing about a controversy between the Huerta government and that of Great Britain, as represented by Sir Lionel Cardon, the British minister, regarding the right of British subjects to maintain an arsenal here for their defence in case of need.

The British, like the Germans and other Europeans, for many weeks, have been planning the organization of a defence corps for the purpose of protecting themselves should serious disorders arise in the capital. Rifles and ammunition have been stored in one of the residents in the Colonia Juarez. A new consignment was being taken to the building yesterday, when a patrolman on that beat saw the cases and recognized them as being the same as those in which guns are packed.

The patrolman reported to the police department his discovery and a squad of police took charge of the building. The Britishers who were on guard over the arms and ammunition forthwith notified their legation, and Sir Lionel Carden called upon the authorities and demanded an explanation. This was given the minister, who accepted it. The police shortly afterwards were withdrawn and the incident was closed.

TERRIBLE HUMAN WASTE BY WAR CITED IN BALKANS

Sofia, Jan. 14.—A striking illustration of the terrible human waste in war is furnished by the census just taken of the new Bulgarian territories acquired by conquest. The male population of that portion of Mecedonia, alloted to Bulgaria, was reduced during hostilities from 175,000 to 43,500. In Bulgarian-Thrace only 225,000 males remain out of a total before the far of 494,000, while in the district of Mustaphapasha, where fighting waged long and fiercely only 4,000 males are left out of 33,000.

WILL CO-OPERATE WITH POWERS IF EVENTS REQUIRE IT

Syracuse, Scicily, Jan. 14.—The presence here of the German armoured cruiser Goebin and the protected cruiser Hansa ,and the coming of a super-dreadnought are interpreted as a desire on the part of Germany to have a sufficient naval force to cooperate with Italy and Austria should events require it.

Brindisi, Italy, Jan. 14.—The armoured cruiser Francesco Ferrucio has been ordered to Aviona, to rejoin the cruiser Iride and the armed yacht Misurata now there, with a view to possibl complication in Albania.

MICHENER REFUSES DISCUSS RECEPTION

Alberta Opposition Waited on Premier Borden Making Many Requests.

ASK NATURAL RESOURCES

No Statement Issued As To Result Except Conference Was Harmonious.

Ottawa, Jan. 14.—After a two and a half hour conference with the prime minister and members of the cabinet, ending at 1:30, the Alberta delegation declined to give any statement as to the matter or reason of the interview, referring the press to Premier Borden. The following official statement was handed out by the premier's office at the close. "Members of the liberal-conservative delegation in the province of Alberta had an interview this morning with the prime minister and members of the cabinet at which many matters of interest and importance were discussed.

"Among them were questions relating to naturalization, natural resources of the province, the chilled meat industry, control by the dominion of special grants for agriculture, technical education for miner and the appointment of a permanent mining engineer and to determine matters in dispute betwen operators and miners. These and other matters were discussed at considerable length with the utmost harmony with the members of the delegation who represent all parts of the province.

"A resolution of loyalty to the prime minister and Mr. Michener, were passed in the following terms.

"We the delegates of Alberta conservatives wish to express our loyalty to Hon. R. L. Borden and express our appreciation of his services to the Dominion of Canada ,and are convinced that his policies will be for the benefit of the whole dominion of Canada. The members of this delegation deem themselves fortunate in having as their leader in the province and legislature, Edward Michener, who occupied that honored position for the past three years, and desire to place our appreciation of the splendid services he has rendered the party and the province and that it is largely due to his untiring efforts that the conservative representation in the legislature was so greatly increased at the general election and we are anxious that the government at Ottawa be made fully aware of the face that Mr. Michener has the entire confidence and loyalty of all members of the conservative party in Alberta."

CITY COUNCIL HAS PASSED BYLAW TO BORROW $2,400,000

The city council passed a motion at the meeting last night authorizing the mayor and the city clerk to borrow on the 1914 taxes the sum of $2,400,000. The mayor explained that to carry on the business of the city it would be absolutely necessary to provide funds as $500,000 would be required for all purposes in January and a like amount in February. A bylaw authorizing the council to borrow this amount at a rate of interest to be set from time to time.

One of the items which must be met out of current revenue is an account from the south side hospital of over $47,000. The old hospital grounds are to be transferred to the city to cover this but a number of the aldermen stormed about this overexpenditure and called on Alderman Calder who is a member of the hospital commission for an explanation. The hospital is nearly ready to open but the contractors will require their money before turning the building over. The account was ordered paid out of current account and will be capitalized later.

A MAN'S LIFE IS VALUED AT $6,000; WOMAN'S, ONE DOLLAR

Vancouver, B.C., Jan. 14.—John Simpson was yesterday awarded one dollar in the supreme court for the loss of his wife, when the steamer Chesiake E. went down a year ago off Van Anda harbor. This award is in strong contrast to the verdict given in the same court the previous day, when a woman was given $6,000 for the loss of her husband in the same disaster.

Suffocated in Clay Bank.

Toronto, Jan. 14.—Suffocated underneath an immense clay bank on which they had been working, two men, George Woodhouse, 47 years of age, Glenwood avenue, and William Martin, 39 years old of Eglinton avenue, both married men with families, were almost instantly killed today. Both were employed at the Pears brick works on Eglinton avenue and it was while working for the company that they met their death.

Senator Cox Returns.

Toronto, Jan. 14.—Senator G. A. Cox, president of the Canada Life company, retired today from active participation in the company's affairs, owing to ill health. His eldest son, E. W. Cox, will assume the dual role of president and manager.

SCREAMED WITH THE TERRIBLE PAIN

"Fruit-a-tives" Completely Cured Distressing Kidney Trouble.

ST. THOMAS, ONT., April 1st. 1913.

"In 1911, I was laid up with Kidney Trouble and not able to get out of my chair. Had tried many kidney remedies without satisfactory results. The pain was excruciating and my screams could be heard on the street. One day a friend from Ottawa came to see me, and when he found me in such poor health, said he would send me a sample of "Fruit-a-tives", which he did and I commenced taking them. LIBELLER OF KING NOT BARRED FROM ENTERING STATES

Said King George Contracted Morganatic Marriage, Not "Moral Turpitude."

New York, Jan. 14.—If it would not involve moral turpitude to publish in England a defamatory libel, "against a field laborer in Devon, or a street sweeper in London," it would not involve moral turpitude to publish the same libel regarding the lord chancellor, or even the king, the United States court of appeals held. The court expressed this view in deciding that Edward F. Mylus, the Belgian journalist, whom the department of commerce ordered deported a year ago, cannot be barred from the United States on the charge of moral turpitude.

The decision of the court of appeals sustaining the ruling of United States District Judge Walter Noyes, is the first authoritative one set down for the guidance of the immigration authorities in foreign libel cases involving moral turpitude which they have frequently made the basis for directing deportation of the persons arriving from abroad.

Mylus was convicted in the English courts for having criminally libelled King George V., by publishing that the kind contracted a morganatic marriage with the daughter of Admiral Seymour in 1890.

AMERICA INCREASES ITS DONATIONS FOR FOREIGN MISSIONS

Churches on Continent Give Annually $50,000,000 More Than Eight Years Ago.

New York, Jan. 14.—Churches in United States and Canada are giving at least $50,000,000 more annually for missionary work than they gave eight years ago, according to J. Campbell White, general secretary of the layman's missionary movement, who was one of the speakers at the third annual dinner of the members, officers and friends of the home and foreign mission boards of the United States and Canada, held here last night.

"The new era in Christian missions," was the general theme of all addresses. A strongly hopeful and optimistic view was taken by the speakers, who were, in addition to those named: Rev. F. P. Haggard, D.D., Boston, home secretary of the American Baptist foreign mission society, who also acted as chairman; Rev. Dr. Gandier, principal of Knox college, Toronto; Jos. E. McAfee, associate secretary of the board of home missions of the Presbyterian church and Dr. John Mott, chairman of the continuation committee of the world missionary conference.

APPLICATION BY WINNIPEG RE WATER SUPPLY IS GRANTED

Washington, Jan. 14.—Arguments were made today before the international joint commission against granting authority to the city of Winnipeg, to obtain its water supply from the Lake of the Woods, which has a water shed of some 26,000 square miles.

Both the Canadian and the United States governments have assented to the Winnipeg water project, but under the treaty the commission has the right to veto the plan if it finds it detrimental to boundary waters or to the people who live upon them.

MUCH LEGISLATION TO BE ENACTED BY THE GOVERNMENT

Revision of Merchants Shipping and Railway Act Up This Session.

LIEUT.-GOVERNORS WILL HAVE SALARY INCREASE

Financial Depression Cause of Reduction of Legislative Incorporation.

Ottawa, Ont., Jan. 14.—The list of government legislation for the session which is about to open includes, besides the re-distribuation bill and the highways and I. C. R. branch lines bills, the revision of the merchants' shipping act and the railway act. The latter will give municipalities more control over railways within their territory. No definite statement has been made yet as to whether the reform of the civil service, following the report of Sir George Murray will be taken up this season, but bills will be introduced broadening the scope of the industrial disputes act, establishing imperial naturalization providing a uniform federal mining law including the best features the various provincial acts, and regulating the manufacture of explosives.

Other legislation will have to do with the trust companies doing a loan business, the management of the insurance companies, co-operative companies and possibly the capitalization of companies.

Amendments to Code

Amendments will be made to the criminal code for the protection of women and other purposes, and that some of the recommendations of the inter-provincial conference will be acted upon including the change of the title, "lieutenant-governor" to "governor" and increasing the salaries for the position in the different provinces. It is posible that a few odd changes may be made in the tariff but that is all. It remains to be seen how much will be done in granting a charter to railways and whether any relief will be voted for the depositers of the farmers' bank.

Private Legislation Light

Private legislation as well as that initated by the government gives promise of being unusually light in the session now opening. The financial depression is believed to be a material factor in reducing the list of concerns which are seeking legislative incorporation.

So far 113 private bills have been applied for, as against 206 last year. Of this number, 13 are new railway incorporations, 32 are amendments to existing charters, 10 are miscellaneous bills, 16 are amendments to bills of that character, three letters patent and 39 divorce applications. Last year's divorces numbered 50. Toronto has eight and Montreal seven divorce cases. The others are pretty well scattered over the country with a considerable preponderance in the west.

CONSTRUCTION FOREMAN SUSTAINS INJURIES IN RAILWAY COLLISION

John Nelson, foreman of construction on the C.N.R. was brought into the General hospital yesterday morning, with both of his feet crushed. The accident occurred while the construction gang was near Chip Lake and Nelson's car was standing on an open switch. Shortly after midnight a pasisng freight train took the switch and crashed into the car completely demolishing it. That Nelson was not killed seems a miracle.

LOSS OF HAIR IS ACCEPTED AS THE FIRST INDICATION OF OLD AGE

Don't Look Older Than You Are.

Although frequently accepted as such, thin, wispy hair does not necessarily indicate aproaching old age. Instead it is more often traceable to the hair destroying effect of dandruff and hence becomes a matter of mere personal neglect.

Incipient loss of hair, with its ultimate chronic form, is not considered by the majority of people with sufficient seriousness. Both are looked upon as inevitable, when as a matter of fact, there is no more need of losing one's hair, or having thin, scraggy locks at sixty than there is at sixteen.

Proper and intelligent care of the hair is all there is to it. To combat dandruff contagion, loss of hair and itching scalp, Herpicide is the logical preparation to use.

Thousands of people are using Newbro's Herpicide with infinite satisfaction for the troubles incident to loss of hair.

To acquire light, fluffy and beautiful hair—hair that has that natural sheen and luster, which are such an aid to feminine good looks, Herpicide is strongly recommended.

Acknowledged as the leading scalp prophylactic and dandruff eradicator, Herpicide produces the most satisfying results when used intelligently and persistently.

The odor of Herpicide is delightful to all. Your dealer knows the merit of this wonderful scalp prophylactic and will guarantee it to do as claimed or return your money. It is sold everywhere in 50-cent and $1.00 size bottles.

Applications may be obtained at the better barber shops and hair dressing parlors.

The Herpicide Co., Dept. S., Detroit, Mich., will send a trial bottle of Herpicide and booklet telling all about the hair to any address upon receipt of ten cents in postage or silver, to cover the cost of packing and mailing.

$20,000 DAMAGE BY SOUTH SIDE BLAZE

Practically All Stock of Dawson and Kennedy's White Ave. Is Destroyed

STARTED IN THE BASEMENT

Burned Four Hours before Firemen Had Flames Under Control.

A fire which broke out yesterday afternoon shortly after 6 o'clock in the furniture store of Dawson and Kennedy, Whyte avenue, caused a loss estimated at over $20,000.

The first intimation that the owners had of the blaze was when smoke was seen issuing from the basement. Upon going down, Mr. Dawson discovered that a fire had started in a pile of matresses. Calling to his partner to send in an alarm, Mr. Dawson tried to smother the flames but they had made such headway before being discovered that he was unable to do any good. In the meantime Mr. Kennedy had secured the cash drawer and the ledger.

Upon the arrival of the firemen, six lines of hose were brought to play on the fire. The south side fire brigade combined with apparatus and men from the north side, did splendid work in restricting the area of the flames. One of the firemen was treated to rather an impromptu bath when he fell into an elevator pit, in which the water had gathered and it was not without difficulty that he was fished out by his comrades.

Just what the extent of the damage is, has not yet been ascertained but it is estimated that the damage to the stock of Dawson and Kennedy will be about $20,000. The building, which was owned by A. G. Baalin, is valued at $25,000 and insured for $18,000, but it is not thought to be seriously damaged. Slight damage was also done to the offices of Dr. W. L. May and Dr. T. Scott, who occupied the front of the building. It was fully four hours before the blaze was finally got under control.

COUNCIL BLOCKS EFFORT TO HOLD HARRISON'S JOB

Alderman East and Clarke Carry Majority Against Wishes of Mayor —Messrs. Booth and Saunders Have Been Appointed—The Fifth Place to Be Reconsidered in Committee.

The council blocked the program planned by Mayor last night at the council by refusing to approve of the appointment of a fifth commissioner to make room for Commissioner Harrison. The four appointments as made by the committee last Saturday were approved and the report referred back for reconsideration of two clauses dealing with the limiting of the board to four members and the handling of the parks and market department by the mayor.

The new commissioners as approved by the council are:

Mayor McNamara, commissioner of finance.

John Chalmers, commissioners of operation.

J. B. Saunders, commissioner of public works.

M. S. Booth, commissioner of safety and health.

It is possible that the commitee may yet bring in a report favorable to the appointment of a fifth member to the board.

The Committee Reports

The report of the special committee had a rough and tempestuous passage through council last night and came out somewhat mutilated. It reads:

"Your committee to whom was referred the question of the separation of the duties of the commissioners, would recommend that the suggestions made by the mayor in his inaugural address be adopted as a part of the administration of the city, i.e., that the duties of the various commissioners be segregated and placed under five separate and distinct departments, viz.

"First. The department of finance, to include the subdivisions of assessment, central administration, stores and works.

"Second. Department of operation, to include the subdivisions of power plant, street railway, waterworks department operation, electric light and telephone.

Third: Department of public works, to include the subdivisions of waterworks, sewers .paving, walks, grades, building, architect's department and construction.

"Fourth. Department of safety and health, to include the subdivisions of street cleaning, police, fire, health, relief, legislation and building inspector.

"Fifth. Department of parks and market, to include the subdivisions of industrial and publicity, entertainment and exhibition.

"And that any portion of the city administration that is not covered definitely by this outline, be brought before the council by the commissioners, and such unprovided arrangement be dealt with in the future, but in the meanwhile the commission board as constituted deal with the same as one body."

his portion of the report of the special committee was approved on motion of Alderman May, all the members of council present voting in favor with the exception of Alderman Calder and Douglas.

Four Heads Recommended

"Your committee further recommends that

"Owing to the conditions of the city, particularly in regard to finances, in spite of the fact that we are to have five departments, the commission board be not now increased, but that we recommend only four commissioners for the present."

Alderman Driscoll moved, seconded by Alderman Sheppard, that this clause be struck out. Alderman May stated that in committee, while occupying the chair he had taken the opportunity of pointing out that he favored the appointment of the five commissioners and was still of that opinion.

Alderman East then moved the amendment stating that he wished to get his position clearly stated. He declared that the last administration had made an unsuccessful attempt to put the city back 15 or 20 years. He insisted that the mayor could get better results in his reorganization of the city by appointing two new members than be retaining the old members. He declared that the people have expressed themselves as in favor of a radical change and it can't be too big a change either. In speaking of the two new men named to the board, Alderman Clarke said that he was quite surprised to learn that they had signified their willingness to accept. Both Saunders and Booth, he declared, were eminently fitted for the positions offered them by the city.

The least that the council could do would be to wait for the special auditors' report, said Alderman Calder in classed his colleague's statements as untrue and this drew out some very pungent remarks from both aldermen. Alderman Calder kept on along the same lines and away from the subject.

Alderman Calder Scored

"Speak to the motion," shouted the mayor and several of the aldermen. "O, very well," replied Alderman Calder, still insisting on talking as he pleased. "Can't you understand English,' asked his worship, but Alderman Calder still continued to state his views on the firing of two commissioners who were good and faithful servants in the city's employ.

It was at this point that Mayor McNamara asked Alderman May to take the chair while he expressed his views in reference to Commissioner Harrison. He caused a slight sensation by declaring that he had nothing against Commissioner Harrison and would like to see him on the new board and that was as he intended it to be, but it was plainly evident that he had not a majority of the council in his favor.

Alderman Campbell stated that he still holds to the same views as expressed when the committees met—that is in favor of four commissioners. He thinks that it would be extravagance at the present time to have five members on the board. Alderman East agreed that four members would be quite sufficient.

The mayor then put the motion and the amendment and the aldermen voted as follows:

How Aldermen Voted

The amendment that only four commissioners be appointed.

For—Clarke, East, Driscoll, Campbell, Kinney.

Against—May, Douglas, Calder, Sheppard, Mayor McNamara.

It will be noted that the mayor used his casting vote to kill the amendment.

The motion that five commissioners be appointed:

For—May, Douglas, Sheppard, Calder.

Against—Clarke, East, Driscoll, Campbell, Kinney.

This vote lost the motion as well and put the mayor, to use his own words, "up against a stone wall."

There was consternation on the face of the chief executive for a time until Alderman May came to the rescue with a motion that this clause be recommitted to the special committee for redrafting. This motion was carried, all voting favorable with the exception of Alderman Douglas and Calder.

Present Board Dismissed

"Owing to the fact that the present members of the commission board, Mr. John Chalmers, Mr. A. G. Harrison and Mr. A. J. McLean, have served this city for some time as a commission board, without their duties segregated as at the present time outlined, that their services as commissioners of the city be terminated, on and after the first day of February and that proper notice be served by the clerk, and that the thanks of this committee of the council, and the citizens be tendered to the three commissioners at present in the employ of the city personally and as a body for their work."

Clause 2 which is given above was on motion of Alderman East adopted. Alderman Calder in strong terms opposed the passing of this clause contending that it should be left over for a week.

3. "Upon the advice of your standing committees, we would further recommend that

(a) Mr. W. J. McNamara, the mayor, be appointed to act as finance commissioner.

(b) Mr. John Chalmers be appointed to act as commissioner of operation.

(c) Mr. B. J. Saunders be appointed to act as commissioner of public works.

(d) Mr. M. S. Booth be appointed to act as commissioner of safety and health.

(e) And that the duties of parks and market commissioner be undertaken until further orders by his worship the mayor."

Effort Are Unavailing

When clause 3 was reached in which the new commissioners are named, there was a desperate effort on the part of the minority to find a place for Commissioner Harrison. No time was lost and as soon as Alderman May had moved that Mayor McNamara is the proper man to assume the responsibilities of the office of finance commissioner since he is always held accountable, Alderman Calder moved in amendment that Commissioner Harrison be appointed as finance commissioner. When the amendment was put it had only Campbell, Douglas and Calder supporting, hence the motion appointing the mayor was declared carried.

The appointment of John Chalmers to the office of commissioner of operation was moved by Alderman East who spoke on some of the outstanding qualities of Mr. Chalmers. In this case, Alderman Campbell moved in amendment that Commission Harrison be made commissioner of operation. The amendment was voted down with the three names above mentioned supporting it.

The appointment of B. J. Saunders was moved by Alderman Driscoll, and still another attempt was made to place Commissioner Harrison in the position of public works commissioner. The mover of the amendment was Alderman Douglas, but the same fate was meted out as in the former cases.

Alderman Clarke could stand the strain no longer and he stated that if Mr. Harrison could see the daily papers in the morning he would be likely to exclaim "For God's sake, save me from my friends."

Alderman East's Objections

"Mr. Harrison is a very nice man," said Alderman East, "but my objections are that he does not earn $5,000 a year for the city of Edmonton." He then referred to several instances where he claimed Commissioner Harrison had not stood by his guns, but had changed his mind to fall in line with ex-Mayor Short. "The sins of omission and commission and the fact that he was looking for a soft place to light are some of the reasons why I moved for the dismissal of Commissioner Harrison," concluded Alderman East.

Alderman Calder was again on the floor with protests in regard to statements made by Alderman East. He misquoted his colleague and this called for a protest from him. The protest was sustained but just at that moment something humorous was said and the crowd burst into a fit of laughter. Alderman Calder appealed to the chair for order whereupon the mayor asked in a good natured way for the citizens present to refrain from laughing until they got outside. "If that was intended as a slight for me, I resent it," said Alderman Calder to his worship. Alderman Clarke interrupted at this point but the mayor called for order stating that Alderman Calder had the floor.

Alderman May Explains

Alderman May was on the floor in defence of Commissioner Harrison. He stated that it was not fair to dismiss Commissioner Harrison and he had worked to get him in fifth place. He then referred to the actions of last year's council in regard to the attempts made to get Commissioner Chalmers. "You helped roll that pill yourself," he said, turning to Alderman Calder, "and it must have a very bad taste this year." He referred to the charter amendment episode and the fact that th ex-mayor had brought an alderman all the way from the coast to get it through.

Alderman Sheppard Talks

Alderman Sheppard stated that he did not agree with the way this matter is being handled. He knew Mr. Harrison in the Exhibition asociation and thought that it was totally unnecessary to bring a man in for such a flaying. After referring to the excellent qualities of commissioner he referred to serious reports that he had heard of Mr. Saunders and he asked for time to investigate these. If correct he wished to know and if not then he did not want to get in wrong with a commissioner right on the start.

The appointment of M. S. Booth as commissioner of safety and health was moved and carried with very little discussion. Several of the aldermen referred briefly to the high standing to which Mr. Booth has attained.

All these recommendations and appointments take effect on the first day of February, 1914, and that proper notices be served by the clerk of this council upon the former commissioners who have been relieved of their duties and positions, with the thanks of this council, and also upon the new appointees.

The same salaries that have been paid to the present commissioners of the city ($5,000 per annum) be paid to the new commissioners in their new duties at the same time and place as they have hitherto been paid.

Clauses Referred Back

The above clauses relative to the dates when appointments will cease and commence, also salaries were duly approved by the council. The clause relating to the administration of the parks and market department was also referred back to the committee.

Alderman Clarke then introduced a motion that the report as a whole be adopted. This stirred up Alderman Calder who stated that it was most unfair to bring in a "cut and dried motion without first having copies placed on the desks of the aldermen. Words flew thick and fast between Alderman Calder and Clarke. The mayor took a hand in the game and ordered Alderman Calder to obey the rules of order. Having persisted in disobeying his worship threatened to call a policeman to remove the alderman, but he refrained from doing so .

Leaving for Home.

Eight Russians, who for the past three or four years have ben working on the grade west of Edmonton, are leaving this morning for the homeland by way of the C.P.R. This party will go direct to St. Petersburg.

COUNCIL NOTES.

Complaints About Sewer—

There was a delegation present at the council last night to protest against the nuisance caused by the sewage from the Burns Packing Plant. It was pointed out that this matter has not yet been dealt with in a satisfactory manner, and should be taken up at once by the safety and health committee. Alderman Clarke said that he came to the meeting with the intention of moving that the company be given until Saturday night to abate the nuisance, which he termed as "the most offensive smell he ever saw," this statement bringing forth a hearty laugh from his hearers. When the hilarity had ceased Alderman Clarke insisted that it was bad enough even to be seen. The matter was finally, on motion of Alderman Clarke, referred to the committee of safety and health for speedy action.

Cemetery Site Not Chosen—

Before deciding defintiely on the location of a cemetery site the council decided last night to allow those having suitable lands to submit offers. The clerk was instructed to insert advertisements to this effect in the daily papers.

Ex-Mayor's Signature—

A bylaw was passed by the council authorizing ex-Mayor Short to sign a few lots of 1913 debentures. These should have been completed in December, but the sudden departure of Mr. Short held them up. It was explained to council that this would save a considerable amount of trouble and the motion was passed on the understanding that it would not be charged up as an extra. Mr. Short expects to return to the city today.

Deputy Will Sign—

That the business of the city may be expedited and the time of the mayor given to more important matters, the council last night approved of Mayor McNamara's suggestion that someone should be named to sign cheques. Deputy Finance Commissioner C. L. Richardson was duly authorized to sign all cheques in future. This will relieve the mayor of a task that has been responsible for the wasting of many hours of the chief executive's time in the past.

Packing Plant Obnoxious—

A petition containing 155 signatures was presented to council asking for the removal of the Gaynor & Son packing plant on the south side. The petitioners state that this is a nuisance and should not be allowed to exist in its present location. The matter was referred to the safety and health committee.

THAT TERRIBLE FATIGUE CAN BE OVERCOME

A Simple Home Remedy Now Cures Lack of Energy, Loss of Ambition, and a Feeling of "Don't Care."

Successful in Nearly Every Case

That miserable nervousness and half-sick tired-all-the-time condition is due nine cases in ten to a clogged up system. You grow irritable and despondent, you lack ambition, energy seems all gone. Surest road to health is by the frequent use of Dr. Hamilton's Pills; they will make you feel like new all over in a short time.

Writing from his home in Barcelona, Mr. Frederick G. Mayer states: "I think no one ever suffered as severely as I did for nearly six months So many serious symptoms were developing as a consequence of this evil conditions of my system that I realized I must find a remedy. The strong pills of various kinds I tried seemed after their first effects were over to make me far worse and I did not know which way to turn for relief. I saw Dr. Hamilton's Pills advertised, and the first box used satisfied me. I found a true remedy. Instead of griping with undue activity, Dr. Hamilton's Pills acted as naturally as if physic had not been taken. I never had to increase the dose and, indeed, within a month I reduced it, and when the system finally acted of its own accord as a result of Dr. Hamilton's Pills, I took a dose twice a week only, just to make sure the old condition would not come back."

No other remedy cures constipation and billousness so easily or safely as Dr. Hamilton's Pills; they are an ideal family remedy for all diseases of the stomach, liver and bowels. THE "DIDN'T KNOW IT WAS LOADED" SHOCK TO THE PROTECTIONISTS.

By the exercise of a most remarkable insight the Borden high-cost-of-living inquiry, having probed for knowledge several of the departmental heads in the agriculture branch, has unearthed the, to them, amazing fact that one of the immediate causes of the advance in the price of food stuffs in the Dominion of Canada is that the development of the agricultural business has not kept pace with the increase in the population of the cities. Ten years ago, the board discovers, Canada was a heavy exporter of butter, eggs and poultry. Now she is actually importing these in dangerously large quantities, and into the farming country at that. The man who carried coal to Newcastle has been outdone.

With this information before it, Mr. Borden's investigators have about decided that they do not require to go any farther. Already they have unmasked what seems to them to be the cause of the trouble, which they designate as underproduction in agricultural lines. What is needed is greater development of the farming business.

But amazing though this discovery may appear to the conservative members, it will not come with such a shock of surprise to many who have intelligently followed the trend of events to learn that agriculture has not kept pace with the increase of population in the cities. This is exactly what the free traders have been claiming all along; and how could it be otherwise?

The whole tariff arrangement, from beginning to end, has been upon the hypothesis that it is Canada's business to build cities. The protectionist presumption is that agriculture can be made to carry the burden of an artificial cost on everything, from shoe laces to threshing machines. And when agriculture, breathless and weary from carrying the nation's load and the penalty of protection besides, pauses from arrested growth, the protectionists are stirred with a shock of surprise that such an outcome could follow. They are as horrified as the man who did not know that it was loaded.

But no attempt to cut down the price of agricultural products while still retaining protection is likely to bring national relief. What would it avail to take the money away from the farmers? Their business has already been brought to a standstill by their own high cost of production. Before the country can be put upon a sound basis, the farming business itself must be relieved by access to the very best markets and an opportunity to buy in the best market the things they need in their business.

This is the idea the grain growers had in mind when they asked for a reciprocal arrangement with United States and the abolition of all duties against British imports. The Borden government has already been compelled to acknowledge the substantial truth of this claim, and is about to give it half recognition by making the necessary arrangements to gain access for wastern farmers to United States markets.

POLICIES MADE IN THE RAILWAY ROOM.

Behold the picture!

The conservative opposition of the Alberta legislature is in Ottawa!

What for?

The despatches tell it. They are in Ottawa to confer with the prime minister and members of the Dominion cabinet upon matters relating to conservative policy in the province of Alberta. The deliberations are private. They sit in the railway room of the senate suite with the door closed. They are evolving a policy.

No foolish fuss about conventions here. No publicity. No taking the rank and file into the confidence of the party leaders. No consultation with the electors. Banish the thought of such dangerous truckling to the hoi pouollii. For are not these the self-appointed guardians and custodians of the nation's destiny? Who should presume to challenge their masterful appreciation of what concessions may be necessary to keep the peasantry of the country in a state of subdued content or how much of self-government the common herd may safely be allowed to enjoy?

And so, cloistered in the senate section, where foregather hoary patriarchs living still in the memories of battles long since written into history, and most appropriately in the railway room, these presiding geniuses of Alberta conservatism meet, doors locked, reporters taboo, the world excluded, not a discordant note allowed to disturb the harmony pervading an atmosphere in which the interests furnish the motif and theme and dominant strain of every pean of public policy. Here, with due humility, they accept from the hands of the national leaders of the divinely ordained party the scroll which sets out for them what measure of liberty the uncouth yokels of this pastoral and verdant-green province of Alberta are to be entrusted with.

With what an inspiring sense of confidence the knowledge must come to followers of the party when they learn that their national leaders so graciously hand to the provincial mannikins a ready made, canned and properly denatured policy, impregnated with the proper solution of formaldehyde and fumigated and inoculated into imperviousness against every germ of originality, protest or dissent from any electoral sourse whatever!

And how it must cheer the camp followers of conservatism to know that all they are expected to do is to vote the ticket and let the policy come from where it always originates in that grand old historic party—the railway room at the national capital.

MAMMA, DADDY AND CHILDREN ALL LOVE "CALIFORNIA SYRUP OF FIGS"

Harmless "fruit laxative" cleanses stomach, liver and bowels.

A delicious cure for constipation, biliousness, sick headache, sour stomach, indigestion, coated tongue, sallowness—take 'California Syrup of Figs." For the cause of all this distress lies in a torpid liver ad sluggish bowels.

A tablespoonful tonight means all constipation, poison, waste matter, fermenting food and sour bile gently moved out of your system by morning without griping. Please don't think of "California Syrup of Figs" as a physic. Don't think you are drugging yourself or your children, because this delicious fruit laxative can not cause injury. Even a delicate child can take it as safely as a robust man. It is the most harmless, effective stomach, liver and bowel regulator and tonic ever devised.

Your only difficulty may be in getting the genuine; so ask your druggist for a 50 cent bottle of "California Syrup of Figs." Say to your druggist, "I want only that made by the 'California Fig Syrup Company.'" This city has many counterfeit "fig syrups," so watch out. in a torpid liver and sluggish bowels.

CORRESPONDENCE

As to Harrison

To the Editor of the Capital: I have heard a rumor on the street that an effort was being made to have Mr. Harrison retained. As a taxpayer I would very much like to know what Mr. Harrison has done in the way of management or saving of the city's monies, infact, the reverse has been the case, for during his term of office thousands upon thousands of the peoples' money has been wasted.

Being a heavy tax payer I am naturally a close observer of all business of the city council and commissioners, and I have yet to learn of any action Commissioner Harrison has taken in the position of bettering the condition of the city's affairs, or even a practical suggestion of same, he has simply held down a chair in the commissioners office and got fat on the job. What was his record as Manager of our exhibition? He simply knew nothing of the work when he was elected as manager, and if the truth were known, knew about as much of the duties of the Fair Manager worthy of the office as Manager of the Edmonton Exhibition as when he took said office.

He had money to burn which the tax payers furnished, everything was bought and Mr. Harrison had the money to pay for it. He simply took the information given by the directors of the said association and signed it out to the rate payers as the ideas of A. G. Harrison.

Being a member of that board for three years during Mr. Harrison's term, I am in a position to give the facts as they were. I have no personal feelings towards Mr. Harrison, but I certainly question his executive abilities. I voted for Mr. Short in the last municipal election, but I must congratulate the present mayor and alderman on their opinion that the same salary that hires Mr. Harrison will pay a better man, and if ever we needed the best man available for the position of commissioner it is now, and I believe Colonel Saunders and Mr. Booth, both men who have proved themselves successful business men, are preferable to one who never held other than a clerical position.

TODAY IN DOMINION HISTORY

Canada's first feminine college professor, Miss Carrie M. Derick, was born at Clarenceville, P.Q., fifty-two years ago today. Her ancestors were loyalists who emigrated to Canada after the American revolution. At McGill University Miss Derick won premiere honors in natural science and graduated with the degree of B.A. in 1890. She took a post-graduate course at Harvard, and was offered a place on the teaching staff of the oldest North American university, but refused it. After leaving Harvard she went to London to carry on her studies at the Royal College of Science, and then spent a year in Germany. Returning to Canada she became assistant professor in botany, and in 1912 she was appointed to a full professorship, the first woman so honored in the educational history of Canada.

The fifth Marquis of Lansdowne, who was governor-general of Canada from 1883 to 1888, was born sixty-nine years ago today. Before coming to Canada he was Lord of the Treasury and Under-Secretary for War and for India. After his successful administration in the dominion he went to India, where he served as viceroy for five years. Later he became Secretary for War, Foreign Secretary, and conservative leader in the house of peers.

January 14 is the birthday of John Lorne Campbell, famous as Baptist clergyman in Canada, the United States and England, at Dominionville, Ont., 1849. On this date in 1857 a convention was concluded between the English and French governments, confirming certain French privileges of fishing in British American waters in exchange for others.

Nerves Are Sore and Painful

Neuritis, or inflammation of the nerves, is the most painful of nervous ailments. You may feel the soreness or tenderness throughout the body, or it may be confined to certain nerves. In the head it is called neuralgia in the hips and legs, sciatica; in the face, ticdoloreux, and in the chest, intercostal neuralgia.

The application of dry heat affords relief from the lance-like pains, but the essential thing is to build up the exhausted nervous system by the persistent use of such a restorative as Dr. Chase's Nerve Food. You will have other symptoms to warn you of the depleted condition of the nervous system, and this is your opportunity to restore to the body the energy and vigor of health.

While this great food cure is instilling new vitality into the starved nerve cells it is also forming new, firm flesh and tissue, and, by noting your increase in weight, you can prove beyond doubt the benefit being obtained by the use. This is Nature's way of curing diseases of the nerves, and it is the only way to obtain lasting benefit.

TODAY WE CELEBRATE

Centenary of Treaty Which Gave Norway to Sweden.

One hundred years ago today the representatives of England, Sweden and Denmark concluded at Kiel a treaty by which Denmark was forced to cede Norway to Sweden, and by which Sweden, in return, gave up Pomerania to Denmark. England magnanimously restored to Denmark all the conquests made in the East and West Indies—all territory, in short, that had been occupied by British troops, excepting Heligoland. The treaty was not wholly satisfactory to either the Danes, the Norwegians nor the Swedes. Pomerania was too distant to form a suitable appendage to the Danish territory, and was exchanged for a sum of money and a small district adjoining Holstein. Pomerania thus came into the possession of Prussia, as one of the fruits of the peace pact. The Norwegians, while glad to be freed from the Danish yoke, were at first inclined to resist the annexation of their country by Sweden. On the 17th of May following they declared their independence, but their means of resistance were small, and the Swedes, while dispatching troops to Norway, offered liberal terms. Charles Frederic, Duke of Holstein, was elected king of Norway, but he abdicated in October, 1814, and in the following month Charles XIII. of Sweden was proclaimed king by the national diet assembled at Christiana.

By the terms of the union between Norway and Sweden, the latter accepted the constitution promulgated by the former at the time of the declartaion of independence. This document made Norway "a free, independent, indivisible kingdom," united with Sweden under the same king. This dynastic tie was out in 1905, when Norway elected a king of its own.

Norwegians are planning a great celebration for May 17 next, the centenary of the declaration of independence and the promulgation of the constitution at Eidsvold. One of the proposed features of the observance is the legal adoption of a new language as the official tongue of Norwegians. "Landsmaal," a language originated about three score years ago by Aasen, a Norwegian, is the tongue to be adopted. It embraces much that is ancient in the tongues of the Northmen, but modernized and adapted to modern uses.

In his new languages, says a writer in Popular Mechanics, Aasen embodied "much of the old Norse and ancient Sagas as well as the idioms and dialects of the remoter regions of the kingdom, where the peasantry have clung through four centuries of Danish domination to the tongue spoken by their forbears in the days of the Vikings. Employing these and other materials and adapting them to modern requirements', Aasen succeeded in evolving so melodious and poetic a language that the vast majority of his countrymen, commencing with the rural population have accepted it for their songs, for their plays, for their sermons and for their vernacular. Landsmaal is phonetic, and is so radically different from the printed Danish language that an eductaed Dane cannot make it out. Something of the sort has been accomplished in Finland, save that an educated Finlander must learn three languages, Finnish, Swedish and Russian, in order to keep abreast of the times in his own land."

JOHN KRAFCHENKO WHO ESCAPED FROM THE WINNIPEG JAIL

John Krafchenko, Who Escaped From the Winnipeg Gaol

Winnipeg, Man., Jan. 14.—Judge Mathers, sitting as a royal commission in the office of the Chief of Police, yesterday opened the enquiry into the escape of John Krafchenko. Chief Macpherson recited his record since joining the force and an inspection was made of the now famous old kitchen, whence the prisoner escaped, but beyond this proceedings were formal and adjournment was taken to half-past ten tomorrow morning.

An interesting but unofficial explanation is given to the accepted report that Krafchenko spent the morning after his breakaway under the shadow of the police station. This is that after dropping from the window he walked over to the taxi-cab stand outside the city hall and there hired a taxi which drove him 300 yards to the M[illegible] club, almost adjoining the police station, for which service he paid the chauffeur a dollar. The police say nothing.

TODAY'S BIRTHDAY PARTY.

R. F. Outcault, Papa of "Buster Brown," 51 Today.

Richard Felton Outcault, who Buster Browned himself into fame and fortune, is a native son of the Buckeye State, having been born at Lancaster, O., fifty-one years ago today. Mr. Outcault was one of the pioneers in the colored comic business, and his creations have always ranked among the most popular. He is often described as the highest paid of all newspaper artists, and his income is said, by those who pretend to know, to be not less than $50,000 a year.

It was nearly a score of years ago that R. F. began his artistic career, "Hogan's Alley," which was a feature of the New York World, was his first bid for fame. The following year he went over to Mr. Hearst's Journal, and the "Yellow Kid" burst upon the world in all his saffron effulgence. The "kid" speedily won a lot of friends, and, in the language of the Gothamese, he was "a scream." Mr. Outcault then transferred his activities to the art room of the New York Herald, and it was there that he became the father of "Buster Brown." That young gentleman, although he seems as youthful as ever on the printed page, will soon celebrate his twelfth birthday. "Buster" and his companions, "Mary Jane" and "Tige," are perhaps the most popular colored comics ever produced. They have been seen on the stages of theatres all over the United States and Canada, and Mr. Outcault has drawn obese royalties from this source. In addition, he has sold the rights to the name of "Buster Brown" to various commercial concerns, and thus added largely to his income.

Before he found himself as a creator of "comics," Mr. Outcault eked out a precarious existence in designing landscapes and other assorted scenery for the doors of vaults and safes.

Earl Cowley, the British nobleman whose irregular love affairs have twice brought him into the divorce court, was born forty-eight years ago today. The earl first married Lady Violet Neville, one of the lovely daughters of the Marquis of Abergavenny. She divorced him in 1897, alleging misconduct. In 1905 he married Millicent Florence Eleanor, a daughter of the first Baron Nunburnholme, and the divorced wife of Sir Charles Hartopp. In his suit, Sir Charles named the gay Lord Cowley as co-respondent. Prior to this the earl had lost a $50,000 breach of promise suit brought by a prominent actress. The second Lady Cowley brought suit for divorce last March, and in July she was given a decree. She named as co-respondent a noted society beauty, Mrs. Buxton, whose husband also sued for divorce, naming Lord Cowley. The earl's son and heir, Viscount Dangan, is in the chorus of the London Gaiety company, which recently began an American tour.

Pierre Loti, the famous French author, will pass his sixty-fourth milestone today. The eminent man of letters is a staunch defender of the Turks, and his criticisms of the Balkan allies recently resulted in a challenge to a duel, issued by a Bulgarian army officer. Georges Breittmayer, a French writer, volunteered to act in Loti's place, because of the age of the latter, and the Bulgar champion was worsted in the fray. Loti's real name is Louis Marie Julien Viaud, and he was formerly an officer in the French navy.

FIRST THINGS

Papal Delegate.

The first papal delegate to America was Monsignor Francis Satolli, who was appointed to that post twenty-one years ago today. Though in a delicate position, he manifested great wisdom and succeeded in settling a number of serious difficulties which had arisen in the church in the United States. The appointment of an apostolic delegate, with power to exercise pontifical jurisdiction, subject only to appeal to the pope, gave the church an autonomy and uniformity which it did not possess before. Monsignor Satolli was in 1896 elevated the sacred college of cardinals, and was succeeded in the office of delegate by Sebastian Martinelli. In 1902 the Rev. Diomede Falconio, who had been apostolic delegate to Canada, was appointed to the Washington post. He was made a cardinal in 1911, and the Rt. Rev. Giovanni Bonzano was created apostolic delegate to the United States.

DEMANDS FOR REFORM BY WOMEN APPEAR TO BEAR FRUIT

Montreal, Jan. 14—An influential deputation from the Local Council of Women, accompanied by representatives of other bodies, waited upon Hon. C. J. Doherty minister of justice, yesterday, to ask for amendments to the criminal code which will permit of the establishment of a provincial reformative institution for delinquent women upon the most modern lines of prison reform ideals. Members of the deputation stated afterwards that not only had Hon. Mr. Doherty received them most courteously, showed deep interest in the subject laid before him, but that he had in effect promised all they asked, provided the provincial government did its part. As Sir Lomer Gouin had previously shown his entire sympathy with their aims on condition that the enabling legislation be secured to the dominion government, now it would seem that their demands are about to bear fruit.

Terribly Afflicted With Lame Back.

Could Not Sweep The Floor.

When the back aches and pains it is almost impossible for women to do their housework, for every move and every turn means an ache or a pain.

Women are beginning to understand that weak, lame, and aching backs from which they suffer so much are due to wrong action of the kidneys, and should be attended to at once so as to avoid years of suffering from kidney trouble.

On the first sign of anything wrong with the back Doan's Kidney Pills should be taken.

They go right to the seat of the trouble.

Mrs. Wilfrid Jolicoeur, Nouvelle, Que., writes:—"I take pleasure in writing you stating the benefit I have received by using Doan's Kidney Pills. About three years ago I was terribly afflicted with lame back, and was so bad I could not sweep my own floor. I was advised to try Doan's Kidney Pills. I only used three boxes, and I am as well as ever. I highly recommend these pills to any sufferer from lame back or kidney trouble."

Price, 50 cents per box, or 3 boxes for $1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Toronto, Ont.

If ordering direct specify "Doan's."

OUTBREAK OF HOG CHOLERA REACHED ALARMING STAGE

City Fathers Discuss Matter and Decide To Keep Close Watch on Meat.

FARMER CLOSE TO CITY HAS 105 HOGS DESTROYED

Trouble Is Thought to Be Spread by Using Hotel Refuse as Feed.

That the hog cholera epidemic is more serious than has been thought at first sight is the information given to the council last night by Aldermen Sheppard and Campbell. The discussion on this subject was brought up as the outcome of a letter on the matter addressed to Alderman Sheppard. This letter was forwarded direct to Dr. Whitelaw who promptly reported to the council, that hotel refuse is responsible and recommends forbidding its use unless cooked.

After hearing the letter read and Dr. Whitelaw's opinion of the cause and the remedy, Alderman Sheppard stated that this is a very serious matter, not only for the farmer but also for the city. While the food inspector is keeping a close watch and is working in conjunction with the provincial food inspector, yet there is a possibility of some meat getting through which should not be allowed, he suggested.

Loses Whole Flock.

Alderman Campbell said that he viewed it in a most serious light and referred to a farmer whom he knew living 25 miles out from the city who recently had his whole flock of 105 destroyed by the inspector.

The letter submitted by George S. Long and the communication from Dr. Whitelaw which accompanied it to council are printed below:

Letter from G. S. Long.

"I am writing to you with the request that you take up with the city council the question of hog cholera that is becoming a trouble and the cause of the slaughtering of so many hogs in the surrounding district of Edmonton, believing it originated among those who feed slops from the city—it is very contagious and easily spread—thinking you might have power to have the slops destroyed and not fed to animals. If it was destroyed and not fed, we might get rid of the trouble."

Dr. Whitelaw's Report.

"I beg to enclose copy of letter received by Alderman Sheppard from Mr. George S. Long of Namayo, regarding the question of hog cholera. I have written Mr. Long, stating that I would bring this matter before your honorable body at the first opportunity.

"It is impossible to over-estimate the importance of dealing promptly and effectively with this matter, and while everything possible has up to the present time been done by the food inspector of the city and the Dominion veterinary surgeon to put an end to this epidemic, it is absolutely necessary that some steps should be taken to get at the original cause of this trouble among the hogs. From what I can learn of the nature of this disease, I have reason to suspect that the feeding of hotel garbage and swill to hogs in an uncooked condition may be responsible for the development of hog cholera, and it is therefore necessary that steps should be taken to prevent any garbage from these hotels leaving the city to be used for this purpose, unless it is first cooked.

As you are aware, hotel barbage and slops are not removed by the scavenging department free of charge, as is the case from private houses, and therefore, hotelkeepers have been in the habit of making their own arrangements with parties who have hogs to feed, for the free removal of their garbage by these parties. If this theory be well founded, it would be much better for the city to remove all hotel garbage and slops free, than run the risk of continuing the prevalence of this disease in our district.

Many hundreds of infected hogs in the vicinity of the city have been destroyed and hog ranches quarantined as a result of the work done by the food inspector of the city and the dominion veterinary surgeon, but it appears that the disease has to some slight extent spread into the surrounding country.

The breeding of hogs is one of the most important industries of our district, and an industry with which the future prosperity of our city is closely associated. It therefore behooves us to leave nothing undone to again reestablish the reputation we have enjoyed as a country free from this scourge. Mr. Long's suggestion that a committee of three should wait on the city council might well be considered, and if such a meeting is called, I would suggest that the Dominion veterinary surgeon, the health department, food inspector, and the medical officer of health, be asked to attend this meeting.

LATE MARKETS

Winnipeg Grain.

Winnipeg, Man., Jan. 14.—There was a strong and active market in all lines except corn, which was steady. Cables were on the whole stronger and there is a strong undertone of all American markets based on advance in Liverpool, light receipts here and suspicion of damage in winter wheat country.

There was a good cash demand today, but offerings are firmly held. Receipts were 118 cars inspected and 250 in sight.

American receipts: Minneapolis 270 cars, Duluth 39 cars, Chicago 84.

Liverpool market closed ¼ to ⅝ up, Paris 1 to 1½ up, Berlin ½ up, Budapesth ⅝ lower and Antwerp unchanged. Grain in interior elevators January 14 was 33,774,783 bushels, of which over 15,000,000 is wheat.

Chicago Wheat.

Chicago, Jan. 14.—Reports of damage by alternate freezing and thawing the winter crop belt sent wheat prices up grade today. Bullish sentiment was increased by rains in Argentina and by the closing of navigation on the Danube. There was liberal selling, however, on the advance. Opening figures were ⅛ to ¼ cents higher and the market scored a further gain.

Oats rose with other grains. Traders, though, were more evenly divided than in the neighboring pits.

Continued export demand for hard winter wheat kept the market pointing upward. The close was strong, ⅞ above last night.

Liverpool Wheat.

Liverpool, Jan. 14. — (Broomhall.)—Wheat steady, on unfavorable weather in Argentina, and reports of closing of navigation of the Danube. Market dull, some realizing with a quieter demand for both Plate and Manitoba parcels.

Buenos Ayres—Shorts covering freely on unsettled weather, with rain which threatens to become general.

India—Recent rains beneficial, private reports of outlook shows improvement and indication of exportable surplus of 16,000,000 bushels.

Australia—Holders are very firm and offerings sparing, late harvesting returns continue unsatisfactory.

Glasgow Cattle.

Glasgow, Jan. 14.—Watson and Batchelor, cattle importers, report average supplies. Trade was firm at the following quotations:

Scotch steers, 15 to 16½ cents per pound; Irish steers, 13 to 15 cents per pound; bulls, 12½ to 14 cents per pound.

Montreal Stocks.

Montreal, Jan. 14.—Extreme dullness was the only feature of the local market today, the sales being few and far between. C.P.R. was ignored altogether on the local exchange, but sold in New York at 207½. Bell Telephone sold at 141½, Brazilian 81⅝ to 81¾, Shawinigan 131½, Richelieu 111, Textile 81½, Tuckets 35, Packers 127, and Cement at 30¾.

Daughters of Empire.

The donations acknowledged by the Children's Aid Society in a recent issue, as coming from the Daughters of Empire, should have been credited to the Wauchope chapter of that order.

MAGIC "NERVILINE" CURES TOOTHACHE, EARACHE

IT RELIEVES EVERY EXTERNAL PAIN.

Cures Colds, Coughs, Sore Throat Tight Chest and Hoarseness.

It's when sickness comes at night, when you are far from the drugist or the doctor, that's when you need Nerviline most. Experienced mothers are never without it. One of the children may have toothache. Without Nerviline a sleepless night for the entire household. With Nerviline the pain is relieved quickly. It may be earache, perhaps a stiff neck, or one of the kiddies coughing with a bad chest cold. Nothing can give quicker results than vigorous rubbing with this old-time family remedy.

Nerviline is too useful, too valuable to be without. For lumbago, lame back, sciatica or neuralgia there is no liniment with half of Nerviline's power to penetrate and ease the pain.

As a family safeguard, as something to ward off sickness and to cure the minor ills that will occur in every family, to cure pain anywhere, you can find nothing to compare with old-time Nerviline, which for forty years has been the most widely used family remedy in the Dominion. The most economical size is the large 50c. family size bottle, small trial size 25c. All dealers sell Nerviline.

EDMONTONIANS START ON C. P. R. PERSONALLY CONDUCTED EXCURSIONS

A party of 18 Edmontonians left on the last of this year's annual personally-conducted excursions over the C. P.R. and via Spokane to southern California and intermediate points, on Monday night. Last night they left Spokane over the Oregon-Washington railroad & Navigation company's lines, and they will stop off at several places, including Medford and Portland, Oregon, San Francisco, Los Angeles and Monterey, until they reach Riverside, Cal., where they will separate. They will probably not return until the latter part of April. The party included E. M. Butchart and wife, H. W. Masters and wife, Fred Ross and Wife, W. H. Hargraves and wife, J. Wredick and wife and others. These personally conducted trains are an annual feature of Canadian Pacific service, and the people from Alberta who are taking them in will be banqueted and otherwise entertained by the boards of trade, chambers of commerce and other public bodies at points along the route.

Supreme Court Cases.

Following is a list of supreme court cases to be tried, commencing Thursday morning at 10 o'clock, Honorable Mr. Justice Beck presiding:

Campbell vs. McMillan, represented by Mr. Craig and Mr. D. H. McKinnon.

Jackson vs. C.P.R., represented by Mr. Alex Stuart, K.C., and Mr. Frank Ford, K.C.

Markham vs. O'Connor, represented by Mr. C. C. McCaul, K.C., and Mr. Frank Ford, K.C.

Nohren vs. Edmonton Milling Co., represented by Mr. Frank Ford, K.C., with Mr. Crowle, and Mr. Geo. Henwood.

Berg vs. Foley, Welch and Stuart, represented by Mr. Alex Stuart, K.C. and Mr. O. M. Biggar, K.C.

A Successful Year.

At the annual meeting of All Saints' Anglican church, held on Monday evening, Ven. Archdeacon Gray, the rector, stated that this past year would always be remarkable, in that Edmonton became the centre of a new diocese. He expressed much appreciation of the work done by the various officers, particularly the women, and spoke of the loss by death of several members, including W. H. Clark, and of others by removal from the parish. At the close of the meeting the following lay delegates were elected to the forthcoming synod: G. H. Kirkpatrick, A. Bloomer and E. C. Pardee, with J. H. Gamble, W. J. Melrose and H. Story as substitutes.

The following statistics of the year were given: Baptisms, 67; marriages, 108; confirmations, 33; burials, 47; Sunday services, 159; weekly services, 148; celebrations of Holy Communion, 113; total communions, 3,966; communicants on roll, 600. It was stated that $10,410 was estimated as the expenditure for 1914, including $5,550 for salaries.

Shriners Meet Tonight

Potentate J. M. Empey of Al Azhar masonic temple, Calgary, and expotentate W. F. W. Lent, are in the city today, and were tendered a luncheon by local shriners in the Hudson's Bay private dining room at noon. There will be a commandery meeting in the Masonic temple on Second street this evening, where initiatory work will be conducted under the direction of George J. Davies, provincial grand master.

Abrams-Wright

Beautiful and impressive was the marriage of Miss Alice Graham, only daughter of Hon. Justice and Mrs. Abrams, and Mr. William J. Wright, of Edmonton, Canada, which took place in the Holy Rosary church, Portland, Oregon, on Wednesday morning at 9:30 o'clock. The Rev. Father Bertrand Clyse, of St. Dominic's church, San Francisco, performed the ceremony in the presence of relatives and intimate friends of the family. Lohengrins Wedding March was played by the organist of the church for the entrance of the bridal party who were unattended. The decorations of the church were in delicate shades of pink and green, the chancel being banked with stately palms in graduated heights. Following the ceremony a reception was held at the Oregon hotel, where the decorations were carried out in pink and white blossoms. The bride is a graduate of St. Mary's, Portland, and an accomplished musician being a popular member of the younger set, will be greatly missed in Portland's younger social life. The honeymoon will be spent in the south, afterward taking up their residence in Edmonton, Canada.

COUNCIL NOTES.

Break Up Camp—

The report of the safety and health committee dealing with the recent arrangement in connection with the handling of the unemployed was presented and adopted last night at the council. It provides that the present arrangement of 3½ hours' work will continue until the commissioners can arrange a better scheme. At the same time it is suggested that the camp at the grounds will be broken up in the very near future. Alderman Clarke stated that Edmonton is better off than most cities in respect to the number of men out of employment.

Citizens Want Utilities—

The residents of Virginia Park had a complaint in at the council last night. They claim that where the Highlands have all the utilities, they have to depend on their water supply from a pump, and now it has gone dry and broke. There are no sidewalks, they claim, no phones, no lights, not even a water wagon. Alderman Clarke stated that these people had a complaint, and referred to the stringing of poles and wire as per-election jobs. Alderman Calder could not stand this thrust, and was on his feet with the remark that this statement "was a base insinuation and nothing else." The matter was referred to the public works committee to take up with the commissioners and the heads of departments involved.

Will Repair Douglas Block—

A request from Mr. Walters that the council allow him to repair the Douglas block, on the south side, brought out a considerable amount of arguing on the part of the aldermen, and finally the request was granted on motion of Alderman Calder, that the applicant be allowed to construct a temporary roof on his building and that he also be required to put up the necessary bond and be liable for all increase in the insurance rates as a result. The building to be removed within one year from date.

Referred Back to Committee—

Acting on the suggestion of Alderman Kinney that it is not good business for the city to grant free water and light to charitable institutions, the council decided to refer back to the committee of safety and health the requests made by the Beulah Mission and the Y.W.C.A. The point raised is that the city should not reduce any of the utilities, but make a straight grant in money if such is deemed necessary after the proper representations have been made.

Will Produce Minutes—

A communication was read from the solicitors of the Canadian Hospital association in which protest is made by that institution regarding the action of the council in dealing with complaints made some time ago by Dr. Fyshe. The council, on motion of Alderman Clarke, decided to submit to the association a copy of the minutes of the last meeting, in which no reference is made to anything that is not right and proper.

Protest Against Change—

A delegation was present at council from the southeast end of the city, but as they could not possibly find their way through the crowd to address the mayor and aldermen, their grievance was presented to council by Alderman Sheppard. He stated that the citizens considered it a gross injustice to take off the through car service as proposed, and substitute in its place a stub line. He went into the matter to some length that it might be shown that the company could not hope to have any money by the change, besides the inconvenience it would be to the citizens living between Fifth street east and the Carmen church, most of whom, he said, belong to the working class. The matter was referred to the commissioner of operation.

Got Rid of Bronchitis

The worst feature of bronchitis is the tendency to return year after year until the system is worn out and gives way to consumption, or other ravaging disease.

Dr. Chase's Syrup of Linseed and Turpentine owes much of its great popularity to the fact that it positively cures bronchitis, and this is about as severe a test as can be made of a medicine of this kind.

Mr. W. H. Walker, Calmar, Alta. writes: "I am pleased to say that Dr. Chase's Syrup of Linseed and Turpentine has done much good to myself, wife and children. My eldest girl, seven years, had bronchitis, and the doctor who attended her did not seem to do much good. We got Dr. Chase's Syrup of Linseed and Turpentine for her, and she soon got well. We always keep this medicine in the house now ready for use, and find that it soon cures coughs and colds.

In fighting diseases of the throat and lungs half the battle is in having Dr. Chase's Syrup of Linseed and Turpentine at hand to be used promptly. This is why many people prefer to buy the large family size bottle.

Joe Evans, 38 years driver of the prison van, is dead in Brooklyn, N. Y., aged 79.

Thought She Would Go Mad WITH HEADACHE.

In all cases of headache the treatment should be directed to remove the cause, for with the cause removed the headache vanishes for all time. Headache powders just relieve for the time being, but what is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all descriptions than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system.

Mrs. Althea Bowman, Hamilton, Ont., writes:—"I have suffered terribly with my head for weeks at a time till I thought I would go mad. A friend advised me to give Burdock Blood Bitters a trial, so I got a bottle and found relief. I have used four bottles in all and I am glad to say that I have had no more headaches since. I would advise all sufferers to give it a fair trial."

Reception.

The reception at Government house yesterday afternoon for the members of the symphony orchestra was a very interesting affair.

Mrs. Sifton assisted Mrs. Bulyea in receiving the guests, and with two such chraming hostesses it goes without saying that everyone enjoyed the entertainment.

His Honor the Lieutenant-Governor said a few words of welcome, and Mr. A. W. Price Jones replied.

The Calgary orchestral committee were all present—Mr. A. W. Price Jones, vice-president; Mr. B. J. Lydiatt, Mr. A. B. Cushing, Mr. J. W. Davidson, Mr. F. Wrigley, Mr. D. L. Newcombe, and the Edmonton men were Mr. F. Stutchbury, Mr. Vernon Barford and Mr. Richardson, superintendent of schools.

Miss Marie Caslova was quite the centre of attraction, and although she had only arrived from New York a few hours, made herself most interesting—as the ladies gathered about the tea table.

• • •

Tea.

Mrs. Henwood was the hostess of a very charming tea yesterday afternoon at the Blue Moon tearoom.

The tea table was artistically decorated with yellow tulips and white narcissi in a low silver dish in the centre, and about the table were baskets holding the same lovely blooms.

A lace cloth, d'oylies, gleaming silver and pretty china made an artistic decoration.

The ladies presiding at the table were Mrs. Frank Bowers, Mrs. G. Kirkpatrick and Mrs. Brunton.

The assistants were Mrs. J. J. Anderson, Mrs. T. Douglas, Mrs. Hume, Miss Tilly, the Misses Campbell, Miss Wilkins, Miss Cuthbert, Miss Eleanor Taylor and Miss Burnham.

Among the guests were Mrs. Braithwaite, Mrs. Macdonald, sen., Mrs. W. Macdonald, Mrs. Kenneth Macdonald, Mrs. Hensley, Mrs. Pardee, Miss Gooderham, Mrs. Nightingale, Miss Burnham, Mrs. W. J. Artistic Piano Recital.

Local music lovers will learn with pleasure that Miss Cozella Corbitt will give a piano recital on January 27 in the First Presbyterian church. Although only a short time in the city Miss Corbitt has won golden opinions by her fine playing before the members of the Women's Musical club and the public will welcome this chance of hearing her. Miss Corbitt comes to Edmonton from Chicago, in which music centre she made a decided reputation for herself. She has studied under a number of well-known teachers, the last being Walter Spry, whose fame as a teacher is international.

On her debut in Chicago a few years ago, "Musical America" spoke of her playing in the following terms: Miss Corbitt is the possessor of a well-developed technic which was equal to all demands of the program. Her singing tone is beautiful and she is the fortunate possessor of those temperamental qualities which lend individuality of interpretation." The recital will be under the auspices of the Women's Musical club of Edmonton of which body Miss Corbitt is a valued member.

$18,000 RAISED BY ROBERTSON CHURCH DURING LAST YEAR

At the annual meeting of Robertson Presbyterian church last night, it was learned by the treasurer's report that $18,000 had been raised last year, in additiona to the $30,000 secured for the old church property on Sixteenth street. This was considered excellent for a year of financial stringency.

Rev. R. G. Stewart, pastor, opened with prayer, after which J. St. Clair Blackett, chairman of the managing board, was elected chairman.

After considerable discussion a motion was passed confirming the action of the board of management and building committee in carrying on the work of building the splendid new edifice at the corner of Twenty-third and Athabasca, and expressing appreciation of their having kept within the original estimate.

The following new members of the board of management were chosen: J. R. McIntosh, R. J. Gillis, J. H. Johnson, H. H. Hyndman, A. C. Grant, Dr. A. F. Anderson, J. M. Macdonald and J. Chalmers; the retiring members being J. R. McIntosh, John Killen, R. J. Gillis, J. H. Johnson, H. H. Hyndman, A. C. Grant and W. Cairns.

The new trustees elected were J. R. McIntosh, Dr. B. R. Wells, J. A. Jaffray and A. Y. Blain, the former being re-elected.

EQUAL FRANCHISE BILL INTRODUCED IN GERMAN HOUSE

Berlin, Jan. 14.—A petition asking a franchise be given to women and that they be allowed to vote at the elections for the imperial parliament and act as deputies was introduced into the imperial parliament today by the German Woman's Suffrage union and although it was not definitely rejected it was referred to the consideration of the government without recommendation.

The violent tactics of the English suffragettes was referred to in the course of the debate, a clerical member sharply condemning them and uttering a warning against the adoption of similar methods in Germany, although his next phrase was "German women won the franchise by sharp conflicts lasting for decades."

CALGARY ORCHESTRA DELIGHTS AUDIENCE

Miss Marie Caslova Heard to Great Advantage in Difficult Compositions.

MANY ENCORES DEMANDED

Max Weil Proved Himself Wonderful Musician and Masterful Conductor.

That Mr. Max Weil is a keen artist was evidenced last evening by the masterful manner in which he waved his baton, and the immediate response he obtained from his well-trained orchestra in the opening chords of Mendelssohn's chef d'oeuvre, "Fingal's Cave," an overture not often heard, which is full of suggestion of stormy waves beating about rocky shores, sea gulls flapping their wings in wind and rain, withal a melodious melody wending its way throughout.

The immortal symphony of Beethoven, with its tender adagio, brilliant andante, fascinating minuetto and exciting finale was delightfully played.

The Mendelssohn concerto brought Miss Marie Caslova to the footlights and in a moment she was making her violin give out wonderful music. The cadenza in the andante was superb, and the tripping accompaniment to the melody played by the orchestra in the allegro vivace, and which supplied a fine background, was magnificently executed.

Tremendous applause followed her number, an encore became imperative, so a charming selection was given accompanied by the piano.

The Peer Gynt suite, known to all musicians, was a treat. Anitra's dance demanded a repetition, so charmingly was it expressed.

The weird music "In the Halls of the Mountain King" was also repeated, and thrilled the audience with its stupendous march movement.

Miss Caslova's two solos, after Kriesler, fascinatingly Oriental in fashion, showed her extreme versatility.

She is so young and so temperamental that one is swayed by her music; her fingers seem to fly about the strings and the tone is delicious.

She received appreciative applause and gave another encore. In fact, the audience were quite anxious to hear much more, but, alas, the program was continued, and a grand crash of majestic music, as only Wagner can produce, the "March of Homage," brought the splendid concert to a close.

Calgary is to be congratulated upon owning such a fine organization, but as we are not so far apart we may occasionally be permitted to partake in the results of its artistic enterprise.

Among the audience at last night's concert were his honor Lieutenant Governor and Mrs. Bulyea, with Mrs. Sifton, Mr. Mitchell, Mr. Stewart and Captain Gillespie, Mr. and Mrs. Hensley, Mr. and Mrs. Pardee, Miss Gooderham, Miss Nightingale, Miss Burnham, Madame Leandi, Baron Dembrowski, Mr. and Mrs. Arthur Murphy, Mr. and Mrs. Haines, Mr. and Mrs. Bidwell, Mr. and Mrs. J. H. Smith, Mr. and Mrs. Barford, Mr. and Mrs. J. J. Anderson, Mr. and Mrs. Julian Garrett, Mr. and Mrs. Tom Davies, Mr. and Mrs. Howard Douglas, Mr. and Mrs. Tom O'Kelly, Mrs. Griesbach, Miss Maud McKenny, Mrs. Hyndman, senior; Mrs. J. D. Hyndman, Mrs. Barrow, Mrs. Day, Mrs. F. Smith, Mrs. Brinton, Mrs. Turnbull, Mr. and Mrs. Bell, Mrs. Rogers, Mr. and Mrs. Henderson, Dr. Nicholls, Mrs. Tory, Mr. and Mrs. Broadus, Mr. and Mrs. Balmer Watt.

MRS. McCLUNG WILL ADDRESS MEETING ON WOMAN'S FRANCHISE

Mrs. Nellie McClung, of Winnipeg, the well-known authoress of "Sowing Deeds in Danny" and other volumes dealing with western life, and an accomplished platform speaker, will address a meeting to be held under the auspices of the Edmonton Equal Franchise league in the old Presbyterian church, at the corner of Third and Jasper, next Sunday, at 4.15, on one of the many angles of the extension of the franchise to women.

Citizens Are Invited.

Any citizens who are interested in the Technical school and its work who were prevented from visiting the school on visitors' night on Monday, are invited to attend this evening when another opportunity will be given to see the school and the work that is being done.

BIJOU PRESENTS POWERFUL STORY "FOR LOVE OF A MAN"

The modern day play has used with great effect the themes of business life and conditions, the themes of woman, love and sacrifice, but the powerful story told on the screen in today's and tomorrow's offering at the Bijou theatre in the film "For Love of Man" will stand out as a great contribution to present day stage stories.

The title itself can tell the story of noble sacrifice by a woman for love, and the thankless reward paid to her by her former sweetheart. It is an intensely dramatic production and in order that the maximum effect could be secured in this film presentation the author of the scenario plays the title roule and the stage direction was personally supervised by David W. Griffith the world's highest paid moving picture director and producer, who draws the kingly salary of $125,000 per year to give to The Mutual Film company the benefit of his genius in the staging and prdouction of photo-plays.

A distinct treat to those who appreciate a screamingly funny comedy is in store for on this program is also offered a Gaumont Comedy Animal picture, showing the comic antics of an escaped panther. It will take you out of your seat with some riotous shouts of laughter and if you feel disposed toward gloomy thoughts tonight go and see it.

The management of this popular play house has just received advice that the Tango and dancing lesson moving pictures will be shown on the program commencing next Monday and each program will show new films. These pictures have created a wonderful impression wherever previously shown and the interest already shown by the many patrons of the Bijou will doubtless make their reception here as enthusiastic.

ANIMAL PICTURE WILL PLEASE PATRONS AT THE EMPRESS

Among motion picture producers as with everyone else there are elements that lead in the perfection of certain features and this is particularly so with the Selig moving picture company in the production of animal pictures. There is perhaps no producing company in the world that has made the brilliant success of wild animal motion pictures as they have and it is generally recognized amongst the manufacturers themselves and the lovers of the movies that the Selig company have the supremacy in this line.

It was therefore the natural thing for this company to present as their contribution to the "Exclusive Service" of The General Film company, which the Empress theatre is now showing a wild animal motion picture that would excel any of their many exceedingly magnificent productions already produced. This they have done in the three reel star feature that is being shown at the Empress for today and tomorrow in the film called "In the Midst of the Jungle." This picture has been described as "Selig's best animal movie" and such a comment on a Selig animal picture is assurance enough that it is the finest obtainable.

"In the Midst of the Jungle" is a valuable contribution to the annals of knowledge but not only that, there is built from the many stirring and unusual episodes an interesting and most entertaining story that is a gem from the scenario's pen.

The Lubin company present this time two comedy films "Troubles of an Actor" and "The Tramp Police" and the closing picture on this program of the "Exclusive Service" is a pretty rural drama "In a Hoss Country" produced by the Essanay players. This constitutes program No. 2 of the "Exclusive Service" that the Empress is now showing for every program representing the highest class moving pictures manufactured by the largest and most successful photo-play producers in the country.

"A STOLEN IDENTITY" IS FINE MONARCH THEATER FEATURE

Edwin August is at the Monarch today and tomorrow in a two-part drama, "A Stolen Identity." The plot is well founded and the play is acted by Mr. August, assisted by Ethel Davis, Iva Shepard and Fred Gamble in a capable manner.

Robert Ganton is an admirer of art, and the story opens when he presents Ethel, his finance, with a picture of himself. Iva, the sweetheart of Marx sees the picture and notes the striking resemblance between it and Marx. With this information Marx conceives the plan to steal Ganton's identity and thus possess his estate and wealth. With the girl he registers at Ganton's hotel and decides to trap him through his love of art.

Marx secures the key to a private art gallery, the owner of which is absent. Ganton is enticed to call at the gallery. Once there Marx forces him to change clothes with him, and Ganton is left a prisoner.

The time for dividing the estate of Ganton's father arrive and, with Ethel, he goes to the attorney's office. To his chagrin, Marx learns that Ganton has a little sister. He decides to do away with the girl. Iva becomes jealous of Marx's attentions to Ethel and a complication follows, in which Ethel learns that Marx is a fraud. Held a prisoner, she escapes and meets Ganton, who has also escaped by pounding his way through the roof of the building in which he was held.

In an auto Ganton and the girl make a wild dash to the railroad junction to save the child, who has been left on the tracks. They arrive in time to snatch her off just s the express dashes by. Marx is run down at the attorney's office, and exposed, and the story terminates with the happy reunion of Ganton, Ethel and Dora.

LADY DIPLOMAT HAS RIGHT TO WEAR BRAIDED BREECHES

London, Jan. 14.—A Christiania despatch to the Daily Mirror says: "The first woman to take up the diplomatic service as a profession has just been appointed here. Miss Henrietta Hoegh, a pretty miss of 27, is to be first secretary at the Norwegian legation in Mexico. She passed examinations in international law and political economy two years ago.

"As first secretary she will have the privilege of wearing the usual diplomatic uniform with the exception of the ornamental sword and gold braided breeches."

GREAT GAME TONIGHT AT ARENA WHEN ESKIMOS MEET THE CENTRALS

Result of Game Will Determine Fate of Eskimos—A Win Wil Make Three-cornered Tie in League—Four-minute Car Service—Splendid Ice, a Big Crowd and the "Good Old Eskimos

What is, without doubt, by far the most important game so far this season in the senior inter-city schedule, will be played tonight at the Arena rink between the Edmonton Eskimos and the Calgary Centrals.

The importance of the game is from an Edmonton point of view particularly, for the very good reason that in order to keep on an even footing with the two league leaders, the Dominions and the Chinooks, the Eskimos must win tonight's game.

A loss will mean a hard knock to the Eskimos just at this time, but those of us who witnessed the brand of hockey put up by the local seven last Wednesday, when they doubled the score against the Chinooks, can scarcely believe anything else, but that the Eskimos will win out tonight, and that, quite handily.

If the Eskimos can produce another such game as the one last week, when individually and as a team they showed up better than ever before, then it is safe to say that the Eskimos will have the old game tucked safely away long before the final whistle blows.

Practically the same line-up as played last week will carry the colors of the green and gold in tonight's game, and it is the hearty wish of every Edmonton hockey fan, that when the smoke has cleared away from the scene of conflict, we will again be able to say "Good old Eskimos."

A four-minute car service will be run from the corner of First and Jasper, the ice will be better than ever before this season, a record crowd will in all probability witness the game, and all that remains is for the Edmonton Eskimos to furnish the victory.

Charlie Reid in goal, Muirhead and Duncan on the defence, Dea at rover, Sutherland brothers on the wings and Gordon at centre. With such a line-up as this, are we not perfectly justified in boosting the Eskimos to the limit?

SPORTOGRAPHY

"Honey" Mellody, ex-Welter Champion, Had Brief Career.

Although it will be only thirty years tomorrow since William Mellody was ushered into the world at Charelstown, Mass., the ring fame of the once celebrated "Honey" seems very ancient history. "Honey," as he was popularly called, was about the last of the welterweight title holders, a pugilist division that once boasted such great boxers as Billy Smith, George Green, the original "Young Corbett;" Joe Walcott, Tommy Ryan, Shadow Maber, Danny Needham, George Dawson, Rube Ferns and Matty Matthews. Mellody's career as a champion was brief, and came only after long years of striving. As a boy he toiled as a tinsmith, and took up boxing as a sideline. At first he fought as an amateur and made an excellent record, but his professional premiere was disappointing. He had determined, however, to stick to the fighting game for a livelihood, and by pegging away he finally won triumphs over some of the best men of his weight. That won for him the right to fight for the title with Joe Walcott. Mellody was then a comer, while the Barbados Demon was on the downgrade. Nobody thought "Honey" stood a chance against the freak black man, who, in his prime, had whipped good heavyweights, but they got a big surprise. After twelve rounds of hard milling Mellody fairly won the decision. He agreed to another match with Walcott, and that time he made oJe quit. The title didn't stay with him long. In 1906 he accepted a challenge from oJe Thomas, a California lad who had invaded the east after winning several victories on the Pacific coast. Mellody went down to defeat before the Native Son. Thomas didn't bask in the limelight of fame very long, for on his return to California he consented to meet a young fellow from Montana who called himself Kid Ketchel. In the first bout between Thomas and Ketchel, the decision was a draw. They soon fought again at Colma, and Thomas was knocked out in the thirty-second round. A third battle also resulted in a triumph for Ketchel, who soon went into the middleweight division, and the welterweight class petered out.

TROUBLE BREWING IN SASKATCHEWAN HOCKEY CIRCLES

Saskatoon, Sask., Jan. 14.—Saskatoon city team in the northern division of the Saskatchewan Amateur Hockey association has protested the game in which they were defeated on Monday night at Battleford, incompetent referee is the ground for the complaint. It is stated Referee Brown who handled the game was the president of the Battleford club and the Saskatoons have no hesitation in saying he was the best man their opponents had. Humboldt has also protested the match on January 6 at Battleford alleging violation of nonresident rules by members of that team. A storm is brewing in northern hockey circles likely to lead to a regular house-cleaning.

HOCKEY TROUBLE HAS BEEN SETTLED BY PRES PEARSON

Dominions Cleared from All Suspicion, Stevens Severely Censured.

In reference to the investigation of "amateur" hockey in the province at present, it was hoped that no delay will be encountered in the carrying out of the fullest investigation. President Pearson soon began his task and it was in the best interests of the game that the work be carried through as quickly as possible, and the whole affair cleared up without delay. There is no doubt but that this was President Pearson's wish also. The Dominions were standing in the "shadow," and the management of the team had been asked to procure statements from the employers of the players as to occupations and salaries of the men. There was but little doubt that so far as the Dominions were concerned, the desired information could be secured to the entire satisfaction of Mr. Pearson, and if the other required information, etc. forthcoming it would be but a matter of a very short time till the whole affair was cleared up. It would not have been well if the investigation had dragged on through the entire winter season. President Pearson endeavored to get at the root of things and have the trouble over at as early a date as possible.

When the Dominions travelled to Calgary Monday night it gave Mr. Pearson an opportunity of clearing up their end of the trouble at least, and be it said, that Mr. Pearson's decision in clearing the Dominions of all charges is to his credit and to that of the Dominions. Each player produced satisfactory proof of his sincerity to play amateur hockey. Affidavits from prominent Edmonton business men cleared away any doubt there may have been in this respect.

The sporting editor of the Winnipeg Free Press also cleared himself to a greater or less degree, by producing an affidavit to the effect that Manager Stevens of the Varsity team did make charges refering to not only the Dominions, but the Calgary Chinooks as well. Mr. Stevens is severely censured by Mr. Pearson, and rightly so, for if Mr. Stevens had any charges to make, he should have made them before the proper officials and in an official way.

The editor of the Grand Forks Gazette also comes in for his share of blame. In fact Mr. Pearson states that Mr. Love demonstrated that he was not a fair sport, when he showed his desire to print insinuations about amateur hockey in Alberta.

Altogether, the whole affair reflects bad judgment and poor sportsmanship upon the part of Mr. Stevens and Mr. Love. It is to be hoped that now the trouble has been settled, the hockey season may be allowed to continue without further mishap.

TORIES TWITTED ON CHANGE OF FRONT RE RECIPROCITY

Winnipeg, Man., Jan. 14.—The free wheat resolution introduced in the Manitoba legislature by H. C. Simpson, a conservative member, was undebated in the house yesterday. It wound up with the resolution being carried unanimously.

T. C. Morris, opposition leader, was the principal speaker, devoting his time to twitting the conservatives on their change of front since the fedarl reciprocity campaign. A resolution by Morris that the resolution be redrafted to include free entrance into the United States of oats, barley and flax, and the entrance into Canada of agricultural implements duty free, was ruled out of order.

Atlanta, Ga., now has 220,372 inhabitants.

News of the Markets

Winnipeg, Man., Jan. 14.—The wheat market was quiet, the volume of business in options being light. Prices were easier, in sympathy with American wheat and corn markets. There was no news of importance from any of the wheat exporting countries, and the local market took a daiting attitude.

Winnipeg opened unchanged to ⅛ higher and closed ⅛ to ¼ higher.

Minneapolis opened unchanged to ⅛ ¼ lower, and closed ⅛ to ¼ higher.

Chicago opened ⅛ lower to ⅛ higher and closed ¼ higher.

Cash demand for wheat was fairly good, and offerings light. Export bids are out of line.

Cash wheat closed ¼ higher for all contract grades.

Cash oats and flax were quiet, and oats prices lower.

Cash oats closed ⅛ to unchanged.

Cash flax closed ½ higher.

Cash barley closed unchanged.

Inspections Monday totalled 390 cars, against 202 last year, and in sight were 100.

Grain inspection:

Spring wheat—1 Nor., 87; 2 Nor., 83; 3 Nor., 24; No. 4, 10; rejected, 2; no grade, 4; rejected, 5; No. 5, 1; No. 6, 1.

Winter wheat—4 red winter, 5.

Oats—1 C.W., 2; 2 C.W., 28; 3 C.W., 36; extra 1 feed, 4; 2 feed, 21; rejected, 1; no grade, 5; mixed, 3.

Barley—No. 3 extra, 3; No. 3, 15; No. 4, 1; rejected, 2.

Flax—1 N.W.C., 1; 1 C.W., 1; rejected, 3; no grade, 2.

Totals: Wheat, 222; oats, 100; barley, 21; flax seed, 41; total, 390.

Toronto, Jan. 14.—The following were yesterday's stock sales:

Brazilian, 714 at 82 to 81½.
Canadian Pac. Ry., 200 at 207½ to 207.
Spanish River, 130 at 102¼.
Larose, 500 at 175.
Reserve, 200 at 107.
Barcelona, 74 at 25.
MacKay, 75 at 77½.
Twins, 66 at 106 to 106¼.
Unlisted—Toronto Northern Ontario Exploration, 700 at 265 to 265;; Dome, 100 at 15¼; Smelters, 100 at 95 to ¾.

Montreal, Jan. 14.—Owing to the cold snap the price of the fresh eggs advanced to 45 cents per dozen. The receipts were light, while the demand was fair. There were a few inquiries from the west for butter at unchanged prices.

Cheese: Finest westerns, 13⅞ to 14; finest easterns, 13¼ to 13¾.

Butter: Choicest creamery, 28½ to 29; seconds, 26½ to 27.

Eggs: Fresh, 45; selected, 38; 1 stock, 34; 2 stock, 26.

Pork: Heavy Canada short mess barrels, 35 to 45 pieces, 30; shortcut back barrels, 45 to 55 pieces, 30.

Montreal, Jan. 14.—The advancing of the local market through the holidays was not maintained yesterday, leading issues for the most part being inclined to ease off under small offerings. The movement, however, was slight, and net changes at the close weer confined largely to small fractions. Brazilian closed offered at 81⅝, or one point below the final bid of Monday.

The trading was light on the Canadian Pacific railway reaction in New York, only fifty shares changing hands at 207⅛, or ⅜ down from the previous day. In New York the price fell to 206¼, but the late rally brought back the closing level of quotations to 207 bid, 207¼ asked.

The balance of the market was irregular, but with a slight drop.

Toronto, Jan. 14.—Stocks were less active in the local stock market yesterday, and it lacked support. Stocks with foreign affiliations were inclined to be easier, while domestic issues were steady to firm. Barcelona sold one lower at 25; Brazilian eased a fraction to 81⅝, and C.P.R. was a point down at 107. Brazilian was the only stock on the list that was active.

British Columbia Packers held firm after its rise of yesterday, selling at 126 for a ten-share lot, but closing 127 bid, without offerings. MacKay sold at 77, Twin City at 106 and Rogers at 140. Gas shares continue in request, as they have been ever since the sale by tender. The bid rose to 172, but there was no stock for sale.

Toronto, Jan. 14.—Receipts of cattle were light yesterday morning at the Union stock yards, but with those left over from yesterday's run the market held quite active. A good demand ruled for cattle. Choice steers were wanted and a few brought up to $9.00. Calves sold very actively. eBst veal calves are in better demand than perhaps any others. Top values were a little higher yesterday. Sheep trading was rather light, but lambs brought good prices. Spring lambs were up to $9.00. Hog values also rose slightly as the supply was small. Yesterday's run consisted of 45 cars, 425 cattle, 27 calves, 425 hogs and 262 sheep and lambs:

Quotations: Export cattle, $8 to $8.75; butcher, choice, 7.75 to 8.10; medium, $6.50 to $7.50; common, $6 to $6.25; butcher cows, choice, $6.50 to $7.25; medium, $5.50 to $6; common, 5 to $5.50; butcher bulls, choice, $6.25 to $7.25; medium, $5.50 to $6; stockers, choice, $5.50 to $5.90; common and medium, each, $50 to $65; springers, $45 to $90; calves, veal, 10.50 to $11.

Sheep: Ewes, light, $6 to $6.50; heavy, $5.75 to $6; bucks, $4 to $4.75; lambs, choice, $9 to $9.35.

Hogs, fed and watered, $9 to $9.15; f.o.b., $8.75.

New York, Jan. 14.—After overcoming an early tendency toward a lower level stocks held firm yesterday. The market at times felt the effect of selling in spots, but offerings were well taken. In spite of apparent underlying strength no attempt was made to bring about a continuation of yesterday's upward movement. Professional operators were inclined to refrain from further heavy commitments in long side at this time, preferring to await news from Washington as the attitude of the government toward the anti-trust legislation.

It was thought that the president's forthcoming message on this subject might have an important influence on sentiment in the financial district.

While the standard shares moved narrowly, some of the stocks which ordinarily are classed in the inactive list were strong. Securities of the Independent Steel company's again made a good showing and there were further advances in Fertilizer, Petroleum and local traction issues.

Engagement of $2,000,000 gold for export to Paris, while noted at this time, has little influence on stocks.

The bond market was strong. Buying of Rock Island issues was the principal feature. Total sales, par value, $3,050,000.

Panama three's advance ¼ on call.

Chicago, Ill., Jan. 14.—Export buying throughout the west rallied the wheat market yesterday and brought about a firm close, ⅛ to ¼ to ¾ above last night. Oats varied from ¼ to ⅜ off to a shade advance.

Moderate quantities of hard winter wheat for ocean shipment were purchased at Omaha and Kansas City, as well as in Chicago. The largest transactions were at Omaha, where prices were relatively the lowest. In addition to the spot business in hard winter, some foreign buying of foreign futures acted as a help to the bulls.

A big increase in the world's available supply tended to make the wheat market rather soft during the first half of the day. The temporary weakness was emphasized by favorable crop reports. Reports of crop injury by the cold wave formed the offset, however.

Profit taking by the shorts checked the decline.

Chicago, Jan. 14.—Cattle: Receipts 5,000, market steady to strong. Beeves, $6.65 to $9.40; Texas steers, $6.85 to $8; stockers and feeders, $5 to $7.75; cows and heifers, $3.40 to $8.40; calves, $7.15 to $7.75.

Spelter quiet, $5.20 to $5.35; London, £21 10s.

Iron steady and unchanged. Cleveland warrants in London, 50s. 6d.

Bar silver, 57⅝.

London, Jan. 14.—he stock brokers arranged the "carry over" easily, the fortnightly settlement money being plentiful at 4½ against 5¼ per cent. last time, causing easier Contangoes. The markets were depressed and narrow yesterday. The South African situation is reported to be darkening, the goldm iners of the Rand joining the strike and threatening the complete dislocation of the gold industry. A long strike would force the repatriation of the native miners, terminating normal conditions for many months, and perhaps dealing the industry a mortal blow. Buying was checked all round and South African shares were flat.

Gilt-edged were the best features of the day. Investment in the new scrips continues. The Saskatchewan scrip is quoted at ⅜ premium, the Dominion of Canada scrip at ¼ premium and the Montreal scrip at ¼ premium.

Canadian Pacifics were flabby, with American rails, and closed down one point at 212⅝. Dealers express the belief that the contraction of Canadian railway receipts will persist and probably be accentuated. Grand Trunks were unsteady, South American Tractions weak and utilities mixed.

Call money was easy at 2½ per cent., but bill rates again advanced to 3⅞ for three months, owing to the South African situation and the impending heavy tax collections.

The gold influx is unchecked. The Bank of England got most of the $3,300,000 of South African gold which arrived today.

$300 FINE FOR HUNTING ON OWN ESTATE

(August Belmont.)

Columbia, S.C., Jan. 14.—Chief Game Warden Richardson of this state is becoming the terror of northern fashionable folk who are sojourning on various estates here for the winter. He recently came upon August Belmont and two of the traction magnate's guests, after they had slain two fine deer. The men were hunting on Belmont's private preserves, but the fact that they had not secured hunting licenses caused Richardson to impose a fine of $100 on each of the offenders.

WIRELESS TO KEEP TRACK OF ICE PACK PREVENT ACCIDENTS

Ottawa, Jan. 14.—Recommending that the government provide a powerful seagoing tug, equipped with wireless to keep in constant touch with the huge northern ice pack from Baffin Bay, which annually closes up navigation in Hudson Straits, to follow it around like a scout in the heels of an advancing enemy, and through its Marconi apparatus to keep vessels navigating into Hudson Bay informed of its progress, so that they may be able to clear the Straits in time, Frederick Anderson, chief of the Hudson Bay survey, has made a report, which was published by the naval service department.

CONSIDER SUBWAYS NECESSITY IN CITY

Board of Trade Think They Are Needed by Both Public and Railways.

LINES CUT UP STREETS

Suggest That New Companies Should Use Tracks of Existing Lines.

At the regular monthly meeting and luncheon of the Edmonton board of trade, held yesterday afternoon in the Empire auditorium, a committee was appointed by President Cooper to look into the matter of the railways cutting up the city by building new lines.

Sam Smith had a resolution prepared urging the council to use its influence with the dominion government to compel new railways coming in to use either the tracks of existing companies or buy their rights of way parallel to them, but it was pointed out by James McGeorge that the dominion railway act permitted the railways to file their plans of entrance before the people were advised of the fact.

Thos. Bellamy stated that the city should see that subways were built as soon as possible, as subways would help both people and the railways, as it would enable the latter to operate their trains faster.

It was also decided unanimously to ask the dominion department of marine and fisheries to instal some device, such as shooting off a gun, so that Edmonton would always have the time exactly correct, which does not seem to be the case at present.

The board also approved without a dissenting voice of the report of the council of the board, which held its last meeting on January . This report dealt with the cemetery question, recommending that there be two cemeteries. They declined to agree with the Port Arthur, Ont., board of trade, which requested the government to grant a bounty of fifty cents per ton on iorn ore, and instead recommended that the duty of fifty cents per ton be taken off bituminous coal.

They also failed to fall in line with the request of the Port Arthur body to ask the dominion government to inaugurate a campaign of publicity in regard to Canada's tourist's attractions, they deeming that a subject more fit for the railways and communities concerned.

They agreed, however, with the suggestion of the Medicine Hat board of trade that the provincial government should prohibit the export of natural gas from the province. An invitation from the board was extended to the Bricklayers' Masons' and Plasterers' Union of America to hold their 1915 convention here.

The annual general meeting of the board will be held on Tuesday, January 27, and a committee was chosen to make arrangements for it.

Applications for membership from the following were accepted:

HOLD ANNIVERSARY OF OPENING OF EASTWOOD CHURCH

Eastwood Methodists celebrate the first anniversary of the opening of their church on Sunday and Monday next, January 18 and 19. One year ago this newly-organized congregation moved from their former meeting place in the Delton school to their new church, which at that time seemed quite adequate for their needs for some time to come. The progress of the church during the year has been such that the present building is now overcrowded, especially for the Sunday school work, and extensions are under consideration. The services of next Sunday and Monday will be of special interest to this congregation, and to their friends throughout the city. The Rev. R. H. Leitch, Ph.B., will preach in the morning, and the Rev. Professor C. E. Bland will preach at the evening service. On Monday evening an anniversary entertainment will be held. An excellent program is being prepared for that evening. This congregation in the northeastern part of the city is looking forward with special interest to the celebration of their first anniversary.

The ladies' aid of the Eastwood Methodist church, one of the newer churches of the city, situated in the northeastern section of the city, on the corner of Kinnaird street and Cleave avenue, held their first annual meeting at the home of Mrs. W. H. Wilson, Kinnaird street, recently. This society was organized in the month of February, 1913, with a membership of 3. After the work of a year the active membership of the society is 21, in addition to those who assist in the work, though unable to assume active membership. During the year $220 has been raised by this ladies' aid, most of which has been expended in parsonage furnishings, requisites for social gatherings at the church, and more recently a beautiful individual communion cup service, which is to be used for the first Sunday in February. The election of officers for this active ladies' aid for the ensuing year resulted as follows: President, Mrs. H. Woollam; vice-president, Mrs. W. E. Thompson; secretary, Mrs. Geo. Perring; treasurer, Mrs. D. A. Hammill.

SPEND LARGE SUM ON ROLLING STOCK

Inspector of Transportation for C.P.R. Says Will Have Finest Trains in America.

OFFICES ARE INADEQUATE

Business Increased to Such Extent That Winnipeg Depot is Outgrown

H. R. Arthur, inspector of transportation for the Canadian Northern rail way, with headquarters at Winnipeg, was in the city yesterday, and stated that his road is spending more money on the rolling stock for its new transcontinental line than any other in America. They will run the finest trains in Canada through the capital cities of Quebec, Ottawa, Toronto, Winnipeg, Regina, Edmonton and Victoria, B.C., via Vancouver.

It is expected that they will run trains into Calgary, both from Saskatoon and the Edmonton-Vegreville-Camrose section as soon as arrangements can be made to secure terminals, temporary or otherwise in that city, J. R. Cameron, assistant general manager, being now in Calgary in connection with that business. The traffic on the line from Saskatoon to Hanna, which is at present as far as it is operated, is one of the heaviest on the whole system.

Mr. Arthur reports that the union depot at Winnipeg, the offices in which are used by the G.T.P. and Canadian Northern, are already too small for the business of the two roads. At first this building was intended to be of three storeys, but it was hardly finished before it was decided to add another and now they find they cannot add any more with the present magnificent dome and foundations. This indicates, he said, the immensity of the railway business. Even the Chicago & Northwestern depot in Chicago, supposed to be the last word in station buildings, is now said to be too small for the offices of that system.

The train service from Prince Albert to Blaine Lake will on Monday next be continued to North Battleford, thus joining these two northern Saskatchewan cities by rail, Mr. Arthur announces. At first there will be three trains a week each way.

ANNUAL MEETING OF UNITED AIDS

Public Invited to Hear Reports and Ask Questions Tonight.

WOMEN'S COUNCIL ELECT OFFICERS FOR THIS YEAR

Many City Firms Thanked for Helping With Charitable Work.

The annual meeting of the United Aids will be held at 8 o'clock this evening in the civic block, Queen's avenue, when everybody interested in public questions will be made welcome and invited to take part in the discussion.

Yesterday afternoon the women's council of the Aids held its annual meeting, at which the following officers for 1914 were chosen:

Hon. president—Mrs. W. J. McNamara.

Immediate past president—Mrs. Kenway.

President—Mrs. Darling.

First vice-president—Mrs. Carter.

Second vice-president—Mrs. Armstrong.

Secretary—Mrs. Jeffers.

Treasurer—Mrs. Wheeler.

Executive committee—Mrs. Philpott, Mrs. Campbell and Mrs. Richardson.

Convenor of visiting committee—Mrs. C. Hall.

Press convenor—Miss McKenney.

Convenor of sewing circle—Mrs. Ellis.

Delegates to local council of women—Mrs. Jeffers and Mrs. Burbeck.

The city's four sides will be looked after as follows: Mrs. Mathie and Mrs. Collinson, east end; Mrs. Young, north end; Mrs. G. J. Henry, west end; and Mrs. Carter, south side. Formerly Mrs. W. L. May had the whole of the visiting under her care, to which she attended remarkably well.

The manner of dealing with the storeroom in the civic block was left in the hands of the executive, it being decided to discontinue keeping it open on Wednesday and Saturday afternoons.

Since last annual meeting the local society has grown from 16 to 44 members, and, apart from the Christmas donations, the secretary's report pointed out that 2,500 garments had been distributed to needy people. Mrs. Wheeler, the treasurer, reported a cash balance on hand of $1,213.45.

By a standing vote thanks were tendered the following films: Blowey-Henry, the telephone and electric light departments, Deacon White, and the following transfer companies for assistance during the Christmas campaign: Williamson Bros., Twin City Transfer, Farney Truck Co., Northern Cartage, Western Cartage, Revillon Wholesale, MacDonald Wholesale, City Truck, Burnham-Frith, Mr. Parks, Laird Co.

Mrs. Wheeler and Mrs. Jeffers, treasurer and secretary respectively, also received votes of thanks, also the retiring president, Mrs. Kenway, who said to the new incumbent, Mrs. Darling, "I hope the ladies will help you as they have helped me."

COMMITTED ON CHARGE OF LARCENY OF MILK TICKETS

For some time past the Edmonton City Dairy has been losing milk tickets in large numbers, and today the police were asked to aid them in finding the channel through which these tickets were disappearing. Early this morning Detectives Moore and Schreyer arrested E. Wilkens, an employee of the City Dairy, at the low level bridge, just as he was going to work, and charged him with the theft of the tickets. Armed with a search warrant, the detectives searched the man's shack and discovered a quantity of tickets amounting in value to $600. When brought up in the police court this morning before Magistrate Massie, the accused man was given a preliminary hearing and committed for trial.

L. D. PARNEY EXPLAINS WHY HE OPPOSES HASTE IN SCHOOL APPOINTMENT

To the Editor of The Capital:—

As a member of the city's board of education, and as one of those who pleaded for no undue haste in the appointment of a superintendent of education here, at the last meeting of the board, I should like to lay before the people the reasons I have for taking a strong position in this matter. In the first place, let me say, Sir, that some of my strongest points in my remarks at the last board meeting as to the qualifications of the acting superintendent for the position were not reported in the daily papers—hence this letter.

I made the following statements re the qualifications of Mr. Richardson for this appointment, which I think should be widely known, and very carefully considered by the board: Mr. Richardson is an honor graduate of Toronto University, has diplomas in technical school work from the universities of New York, Chicago, and Columbus, has Ontario first class professional public and high school certificates, and has years of experience and observation both on this and the other side of the ocean, which have made him familiar with all branches of educational work from the kindergarten work to that of the university.

Let me say too, Mr. Editor, that I deem this to be one of the most important matters with which the board of education will have to do for some time to come, and I do not want any action to be taken which will in any way, jeopardize the best interests of the people in matters of education. I plead for time in order to scan the horizon far and near for the best man available for the position. Hence I say, leave the matter in abeyance say until mid-summer, only let us be on the lookout. If after such a search we find that one of the men on the ground is the best qualified, then we may appoint him.

To pursue the policy of speedy action is to disorganize the work at the present time, especially if Mr. Carpenter is appointed. He is doing efficient work where he now serves and to take him out just now would be unfair to the pupils who are doing so well under his tuition, especially those who are preparing for the matriculation examination. If Mr. Richardson were now appointed to the position this disorganization would not be so marked for the reason that he is already directing the affairs of our entire system with perfect satisfaction to all, and the Technical school is not suffering because of the fact that for a time it is and will be in a formative state. My greatest anxiety is that we make no appointment for the time being, in order to be sure of the wisdom of our choice when that choice is made.

L. D. PARNEY.

Edmonton, Jan. 14.

EDMONTON HAS FINE SHOWING OF LOCAL IMPROVEMENTS

After adding to the local improvements in the city prior to the year 1913, the list of work completed during the year just closed, it is found that the city has now a grand total of slightly over 486 miles of local improvements completed. If the pacing and sidewalks were stretched in a straight line there would be sufficient to reach from Edmonton to Calgary. There are more water mains in the city from the mileage point of view than any other local improvement, the total now being 134.58 miles, plank walks take second place with 128.85 miles, sewers come third on the list with 117.52 miles, paving 41.97 miles and boulevarding 28.48 miles, making the total to date of 486.66 miles now laid in the city.

OPENING OF RAILWAY CAMPS LIKELY TO END UNEMPLOYMENT PROBLEM

Mayor McNamara stated yesterday that the Canadian Northern and the Alberta Great Waterways railways were about to take on several hundred men for construction work out of Edmonton. In fact his worship believes that within 10 days the city will be able to close its quarters at the fair grounds where the unemployed have been living, and if any are left by that time not taken care of by the new construction camps, the United Aids can handle them. Mr. McNamara also stated that he had seen a number of the members of the legislature and urged on them the necessity of at once starting some kind of work for these men.

MAN ALLEGES HE WAS DRUGGED AND ROBBED ON HIGH LEVEL BRIDGE

Alleging that he had been drugged and robbed of $325 on the high level bridge, Frank Gott, a German, appeared before the police yesterday and told his story. A few hours later two men, Paul Rudolph and Frank Schultz, two Germans, were arrested by Detective Schreyer and held on suspicion of being concerned in the robbery.

Settlers Cutting Trail.

Hon. A. G. Mackay, M.P.P. for Athabasca, has returned from a visit to the gateway town, where among other things he announced to his constituents that work on the government road between that town and Lake Wabiscaw will be started at once. Mr. Mackay states that the settlers in the country between Lake Wabiscaw and Fort Vermilion, a distance of 200 miles, are cutting out a trial at their own expense.

Injured in Explosion.

Two men, William Critchley and George Gray, miners in the employ of the St. Albert collieries, were rushed to the Misericordia hospital, yesterday afternoon, suffering from severe injuries received in an explosion of dynamite.
